Subject: Updates to Areawide Waste Treatment Management Plans

Dear Mr. Korleski:

This letter is in response to the submittal of updates to the designated Areawide Waste Treatment Management Plans for three Areawide Planning Agencies, which have been incorporated into the State of Ohio's Water Quality Management Plan, that were certified on March 27, 2008 by Governor Ted Strickland. A list of those certified documents is attached for ready reference.

Pursuant to Clean Water Act sections 208 and 303(e), and 40 C.F.R. Part 130, I am approving these updates.

I want to acknowledge the effort that preparation of these updates represents. I also recognize the continued cooperative work of our staff, which I am confident, will result in enhanced water quality. Please contact me, if you have any questions.

Sincerely Yours,

Patricia Thompson for

Tinka Hyde
Acting Director, Water Division

Attachment 1
List of Section 208 Plan Materials for Certification- Final February 2008

The regional or areawide planning agency listed below has prepared and adopted, pursuant to their bylaws, the Section 208 plan updates described below. Ohio EPA is charged with reviewing these materials to ensure the following:

- The documents are consistent with basin plans;
- The documents (original plan and updates) cover the required planning elements; and
- The documents (plans) are consistent with one another.

Ohio EPA staff concluded the above criteria are satisfied. The following documents have been certified by the State of Ohio as an update to the Areawide Waste Treatment Management Plans prepared pursuant to Section 208 of the Clean Water Act and the State's Water Quality management Plan maintained pursuant to Section 303 of the Clean Water Act. These documents are on file with the Ohio EPA, Central Office, Division of Surface Water.
