

**Public Notice – Request for Comment**  
**Draft Five-Year Rule Review of Ohio Administrative Code (OAC) Rules**  
**OAC Chapter 3745-112, “Consumer Products”**

Notice is hereby given that in accordance with Ohio Revised Code (ORC) 106.03 and 106.031 (5-year rule review), the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) has reviewed the rules contained in Ohio Administrative Code (OAC) Chapter 3745-112. The rules in this chapter set limits, testing and recordkeeping requirements for emissions of volatile organic compounds (VOC's) from sources in the state of Ohio.

Upon review, Ohio EPA has determined that no changes are needed and that all rules in the chapter remain necessary.

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on this rule before the division formally proposes them.

These rules and supporting documentation including a draft of the Business Impact Analysis (BIA) document are available electronically for review at: <http://epa.ohio.gov/dapc/regs/regs.aspx>. See the information under “Interested Party Review” tab for OAC Chapter 3745-112. We request that you provide us with any comments you may have to the draft rules and draft BIA document by **Wednesday, August 16, 2017**.
