

**Public Notice – Request for Comment**  
**Draft Revisions to Ohio Administrative Code (OAC) Chapter 3745-21**  
**Carbon Monoxide, Photochemically Reactive Materials, Hydrocarbons,**  
**and related Materials Standards**

Notice is hereby given that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) proposes the following changes to the Ohio Administrative Code (OAC) related to OAC Chapter 3745-21, “Carbon Monoxide, Photochemically Reactive Materials, Hydrocarbons, and related Materials Standards:”

Modification of OAC rules:

- 3745-21-01 (Definitions).
- 3745-21-09 (Control of Emissions of Volatile Organic Compounds from Stationary Sources and Perchloroethylene from Dry Cleaning Facilities).
- 3745-21-10 (Compliance Test Methods and Procedures).
- 3745-21-25 (Control of VOC emissions from reinforced plastic composites production operations).
- 3745-21-26 (Surface coating of miscellaneous metal and plastic parts).
- 3745-21-28 (Miscellaneous industrial adhesives and sealants).
- 3745-21-29 (Control of volatile organic compound emissions from automobile and light-duty truck assembly coating operations, heavier vehicle assembly coating operations, and cleaning operations associated with these coating operations).

DAPC is proposing the following changes:

- Typographical and reference corrections in OAC rules 3745-21-01, 3745-21-09 and 3745-21-29.
- Approval of an alternate monitoring, record keeping and reporting plan for a facility and adding an OAC rule 3745-21-29 exemption in OAC rule 3745-21-09.
- Adding an OAC rule 3745-21-29 test method in OAC rule 3745-21-10.
- Adding paragraph (F)(3)(c) of OAC rule 3745-21-25 as a compliant emissions estimation procedure in OAC rule 3745-21-25(F)(3).
- Adding an exemption to OAC rule 3745-21-26 for sources subject to OAC rule 3745-21-25.
- Revising OAC rule 3745-21-26(G)(2) to avoid confusion on record keeping and reporting requirements.
- Adding a provision to OAC rule 3745-21-28 to allow for alternative limits.

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on these rules before the division formally proposes them.

Pursuant to Part D of Title I of the Clean Air Act, Ohio EPA is required to establish a state implementation plan (SIP) for the attainment and maintenance of the National Ambient Air Quality Standards (NAAQS). The above-mentioned rules are a part of Ohio’s SIP and the proposed amendments will be submitted to USEPA as a modification of the SIP.

These rules and supporting documentation are available electronically for review at: <http://epa.ohio.gov/dapc/regs/regs.aspx>. See the information under the drafts and notices for OAC

Chapter 3745-21, "Carbon Monoxide, Photochemically Reactive Materials, Hydrocarbons, and related Materials Standards" We request that you provide us with any comments you may have to the changes that have been recommended by **Wednesday, April 25, 2018**.

Please submit your comments or suggestions to the following address. Persons submitting comments electronically are encouraged to follow-up with a hard copy via regular mail:
