Amended Draft Rules in OAC Chapter 3745-71.

Notice is hereby given that in accordance with Ohio Revised Code (ORC) 119.032 (5-year rule review), the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) has reviewed the following rules contained in Ohio Administrative Code (OAC) 3745-71. These rules are related to lead emissions. Our preliminary review indicates that these rules continue to be necessary and require changes as follows:

Modification of OAC rules 3745-71-01, 3745-71-03

DAPC is proposing these changes to reflect updates to the Code of Federal Regulations sited within the above mentioned rules.

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on these rules before the division formally proposes them.

These rules and supporting documentation are available electronically for review at: <http://epa.ohio.gov/dapc/regs/regs.aspx>.
