

Group ID 1PP

Category #40

SCC code: 30901001

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice; (2) Source design characteristics or design efficiency of control device; (3) Raw material specifications		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT (attach justification and supporting info)	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

* No Data available. Any active EU's I found were subject to 40 CFR Part 63 Subpart N, restricting the EU to well below 10 tpy.

Group ID 1PP**Category #40**

SCC code: 30901005

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice; (2) Source design characteristics or design efficiency of control device; (3) Raw material specifications		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT (attach justification and supporting info)	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

*No data available. All EU's found were below 10 TPY emissions.

Group ID 1PP

Category #40

SCC code: 30901006

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit, expressed as: (1)		Operational Restriction	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost-effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

*No data available.

Group ID 1PP

Category #40

SCC code: 30901018

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit,		Operationa I Restrictions	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost- effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

* No Data available. Any active EU's I found were subject to 40 CFR Part 63 Subpart N, restricting the EU to well below 10 tpy.

Group ID 1PP

Category #40

SCC code: 30901028

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit, expressed as: (1)		Operational Restriction	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost-effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

* No Data available. Any active EU's I found were subject to 40 CFR Part 63 Subpart N, restricting the EU to well below 10 tpy.

Group ID 1PP

Category #40

SCC code: 30901038

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice; (2)		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

*No data available

Group ID 1PP

Category #40

SCC code: 30901042

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice: (2)		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

*No data available

Group ID 1PP

Category #40

SCC code: 30901052

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit,		Operationa I Restrictions	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost- effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

*No data available

Group ID 1PP

Category #40

SCC code: 30901097

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit,		Operationa I Restrictions	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost- effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

* No Data available. Any active EU's I found were subject to 40 CFR Part 63 Subpart N, restricting the EU to well below 10 tpy.

Group ID 1PP

Category #40

SCC code: 30901098

Source Description:

Pollutant	Control equipment/ Control	Efficiency	BAT Emission Limit,		Operationa I Restrictions	Monitoring and Record	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No	Cost- effectiveness analysis	Other applicable rules	Other Useful Info
			Stack	Fugitive								

* No Data available. Most active EU's I found were subject to 40 CFR Part 63 Subpart N, or below 10 TPY emissions.

Group ID 1PP**Category #40**

SCC code: 30901099

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice; (2)		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT (attach	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

*No data available. The only active EU's I could find were on registration or De Minimis

Group ID 1PP

Category #40

SCC code: 30901101

Source Description:

Pollutant	Control equipment/ Control measure	Efficiency	BAT Emission Limit, expressed as: (1) Work practice; (2) Source design		Operational Restriction	Monitoring and Record keeping	Reporting	Testing (Compliance Demo)	Summary of why this BAT or No BAT (attach	Cost-effectiveness analysis	Other applicable rules (identify)	Other Useful Info
			Stack	Fugitive								

*No data available.
