

## The Ohio EPA would like to announce a FREE Class A Wastewater Treatment Training

**What:** Review session on basic wastewater treatment and operation

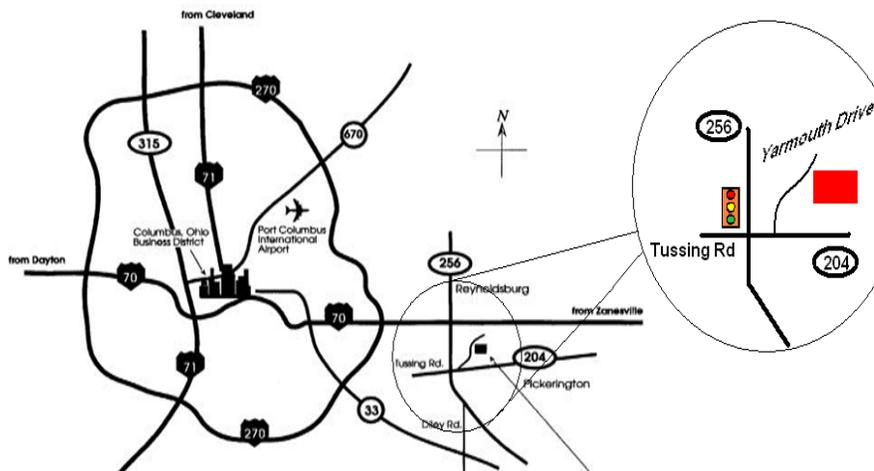

**When:** September 18, 2013  
9:00 am – 4:00 pm

**Where:** OCOSH Training Center  
13430 Yarmouth Drive  
Pickerington, Ohio 43147  
Room B

**Target Audience:** Operators of NPDES permitted wastewater treatment systems with a design capacity of 25,000 gallons per day or less and/or applicants for the September 25, 2013, Class A Wastewater Exam. Limited Class A Wastewater Operators are also encouraged to attend.

**How to Register:** Contact Tanushree Courlas with the Division of Surface Water at (614) 644-1987 or [Tanushree.courlas@epa.state.oh.us](mailto:Tanushree.courlas@epa.state.oh.us).

**DIRECTIONS:** The Ohio Center for Occupational Safety and Health is located at 13430 Yarmouth Drive, just east of Columbus in Pickerington. Take I-70 to Exit 112A, Route 256, Pickerington. Immediately upon entering onto south bound Route 256 (Hill Road), get in the extreme left lane. At the first light, Route 204 (Blacklick Eastern Road), turn left. Yarmouth Drive is at the second traffic light from the intersection of Routes 256 and 204 (approximately ¼ mile) on the left side. The entrance to OCOSH is the second driveway on the right.

**Note:** Class size is limited to 60 participants.
