

Re: Interested Party Review – Research, Demonstration, and Design (RD&D) Rules

Dear Interested Parties:

The Division of Materials and Waste Management is in the process of conducting a review of the regulations for bulk liquid addition at sanitary landfill facilities. This review is being conducted to satisfy requirements mandated by Ohio Revised Code (ORC) Section 106.03 which requires all state agencies to review each of their rules every five years to determine whether or not to continue the rules without change, amend the rules, or rescind the rules. DMWM has reviewed the current effective rules and has made the preliminary determination that the following rules should be amended to bring the rules into compliance with the Legislative Service Commission's (LSC) rule writing standards:

Rule #	Title:
3745-27-80	Applicability and definitions for authorizations to stabilize waste through bulk liquid addition.
3745-27-82	Issuing and denying a permit to install; extending and reauthorizing an authorization to stabilize waste through bulk liquid addition.
3745-27-83	Gas management system operation.
3745-27-84	Monitoring, notification, and annual reporting requirements.
3745-27-85	Extending or establishing a new termination date of an authorization to stabilize waste through bulk liquid addition.
3745-27-86	Terminating and suspending the authorization to stabilize waste through bulk liquid addition by the owner or operator.
3745-27-87	Terminating and suspending an authorization to stabilize waste through bulk liquid addition by the director; corrective measures.
3745-27-88	Monitoring, reporting, and financial assurance requirements after termination of an authorization to stabilize waste through bulk liquid addition.

The following rules will be retained without change:

Rule #	Title:
3745-27-81	Application for a permit to stabilize waste through bulk liquid addition.
3745-27-89	Gas management system design.

DMWM welcomes interested party comment on these rules and the preliminary determination to amend six rules and retain four rules without change.

Where can I get a copy of the draft rules?

You may view the draft rule at <http://www.epa.ohio.gov/dmwm/dmwmnonhazrules.aspx>, or call (614)644-2621 to obtain a copy. As part of the rulemaking process, Ohio EPA is required to prepare and submit a Business Impact Analysis (BIA) form to Ohio's Common Sense Initiative (CSI) Office. Ohio EPA is also making this form available at this time for public review and comment.

When are my comments due?

Please submit your comments by August 29, 2016.

Where should I send my comments?

Please send your comments to:

50 West Town Street, Suite 700
P.O. Box 1049
Columbus, OH 43216-1049

614 | 644 3020
614 | 644 3184 (fax)
www.epa.ohio.gov

Michelle Mountjoy
Ohio EPA, DMWM
PO Box 1049
Columbus, OH 43216-1049

You may also send your comments by fax at (614)728-5315 or e-mail michelle.mountjoy@epa.ohio.gov.

Who can I talk to about the rules?

For questions regarding the rule language or review schedule, you may contact Annette DeHavilland at Annette.dehavilland@epa.ohio.gov or (614) 728-5373, or Michelle Mountjoy at michelle.mountjoy@epa.ohio.gov or (614) 728-5372. Please include a phone number where you can be contacted during the hours of 8:00 am to 5:00 pm.

What should I consider as I prepare my comments?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. Estimate potential burden or costs, and explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline.

Thank you for your interest and we look forward to hearing from you.

Sincerely,

Terrie TerMeer, Chief, DMWM
Division of Materials and Waste Management
