**Re: Allied Landfill, Vinton County  
Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Ms. Jones:

On April 9, 2009, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Southeast District Office (SEDO), received a document titled *"Statistical Analysis Program for Ground-Water Quality Monitoring"* for Allied Landfill (Facility) located in Vinton County. This submittal is the eighth revision of the Facility's statistical analysis program. The submittal contained a request to add previously-determined statistically significant increases to the background database pursuant to OAC Rule 3745-27-10(C)(7)(g). The data associated with the request for director's approval includes: chloride for well SP-1, a single value of sodium for well MW-5, and a single value of cobalt for well MW-11.

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can only be added in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable by the director.

Ohio EPA has reviewed the information provided and concurs that this data can be added to the background data group. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner or operator is hereby authorized to update the background database for chloride for well SP-1, a single value of sodium for well MW-5, and a single value of cobalt for well MW-11, as detailed in the April 9, 2009, request.

You are hereby notified that this action of the director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the

Commission within thirty (30) days after notice of the director's action. The appeal must be accompanied by a filing fee of \$70.00, which the Commission, in its discretion, may reduce if by affidavit, you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
