Location: 19469 County Road 7
Coshocton, Ohio 43812

South of Coshocton County Road 7, approximately
0.5 miles east of State Route 83.

PTI: Authorized Maximum Daily Waste Receipt (AMDWR)
Decrease

Issuance Date:

Effective Date:

The above-named entity is hereby issued a permit approval (permit-to-install) for the above described source pursuant to Ohio Administrative Code (OAC) Rule 3745-27-02. Issuance of this permit approval does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit approval is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

Ohio Environmental Protection Agency

Chris Korleski, Director

PERMIT SUMMARY

This permit (PTI Number 06-08444) authorizes Coshocton Landfill, Inc. to decrease the authorized maximum daily waste receipt (AMDWR) from 1,500 tons to 500 tons at the Coshocton Landfill (Facility) located in Coshocton County. Based on the new AMDWR, the Facility's current approved limits of waste placement will provide approximately sixty-three (63) years of operation.

This summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, this permit.

PTI CONDITIONS

1. The Facility's AMDWR is hereby established to be 500 tons. This supersedes any previously established AMDWR for the Facility. This permit shall apply only to the decrease in the Facility's AMDWR.
2. The Director, or an authorized representative, may enter upon the premises of the above-named applicant (permittee) at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above-described source of environmental pollutants (municipal solid waste disposal facility).
3. Issuance of this permit does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
4. This permit may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste disposal facility.
5. The permittee shall provide for the proper maintenance and operation of the municipal solid waste disposal facility in accordance with the provisions of OAC Chapter 3745-27.
6. Nothing in this permit approval shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations. This permit approval shall not be interpreted to release the permittee from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
7. This permit does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.

8. This permit does not authorize the acceptance of any hazardous or infectious wastes, except for those excluded from hazardous waste or infectious waste regulation by ORC Chapter 3734.
9. Unless specifically superseded by this permit, the Facility shall comply with the requirements of all authorizing documents issued prior to this permit.

END OF CONDITIONS
