**Re: Reserve Environmental Services (RES) Site "B" Facility, Ashtabula County  
Ohio Administrative Code (OAC) Rule 3745-30-08(D)(2)  
Decline to Grant Deletion of Parameters from Appendix III-H Semiannual  
Parameter List**

Dear Mr. Chokski:

On May 3, 2007, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Northeast District Office (NEDO), received a document regarding Reserve Environmental Services' (RES) response to the Ohio EPA notice of deficiency dated February 27, 2007, regarding request for alternate indicator parameters. The document was submitted by RES on behalf of the RES Site B" Facility (Facility), and was a re-submittal of the May 2, 2006, and the March 26, 1999, alternate indicator parameter requests.

The Facility is an industrial solid waste landfill and is therefore subject to the ground water monitoring program requirements of OAC Rule 3745-30-08.

Pursuant to OAC Rule 3745-30-08(D)(2), the owner or operator of a residual or industrial waste landfill may propose an alternate list of parameters to meet the requirements of paragraphs (D)(3) to (D)(6) of this rule. The list of alternate parameters shall be submitted by the owner or operator and approved by the director prior to use. The alternate parameter list shall be indicative of the waste stream(s) deposited at the landfill facility and shall be protective of human health and safety and the environment.

RES proposed to eliminate sodium, sulfide, and alkalinity from their semi-annual parameter list specified in Appendix III-H, replacing the parameters with ammonia, chemical oxygen demand (COD), and chloride.

Based upon the review of the information submitted to Ohio EPA, RES has not adequately demonstrated that the parameters proposed for deletion are not reasonably expected to be

Ted Strickland, Governor  
Lee Fisher, Lieutenant Governor  
Chris Korleski, Director

in or derived from the waste contained in the Facility. Therefore, at this time, I decline to grant approval of your request for alternate indicator parameters pursuant to OAC Rule 3745-30-08(D)(2).

A detailed account of Ohio EPA's review will be sent to you in a separate letter.

If you have any questions or require further assistance, please contact Mr. Colum McKenna of Ohio EPA, DSIWM, NEDO, at (330) 963-1268.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Korleski". The signature is written in a cursive style with a large initial "C" and a long horizontal stroke.

Chris Korleski  
Director
