OHIO ENVIRONMENTAL PROTECTION AGENCY
PERMIT-TO-INSTALL

AUG - 4 2011
ENTERED DIRECTOR'S JOURNAL

Application Number: 807191
Application Received: March 16, 2011
Solid Waste Permit Fee: \$1,000.00
Solid Waste Permit Fee Balance: \$600.00

Applicant: Solid Waste Authority of Central Ohio
Address: 4239 London Groveport Road
Grove City, OH 43123

Facility: Franklin County Sanitary Landfill
Address: 3851 London Groveport Road
Grove City, Franklin County, OH 43123

Permit Type: Authorized Maximum Daily Waste Receipt Increase

Issuance Date: **AUG 04 2011**

Effective Date: **AUG 04 2011**

The above-named entity is hereby issued a permit to install (permit) for the above-described source pursuant to Ohio Administrative Code (OAC) Rule 3745-27-02. Issuance of this permit approval does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit approval is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

Ohio Environmental Protection Agency

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency. 
Scott J. Nally, Director

 Date: 8-4-11

PERMIT SUMMARY

This FINAL permit to install (PTI Number 807191) authorizes an increase in the authorized maximum daily waste receipt (AMDWR) for the Franklin County Sanitary Landfill (Facility), located in Jackson Township, Franklin County, from 6,000 tons to 8,000 tons. The previous AMDWR was established by PTI Number 644748 issued July 6, 2009.

Based upon the new AMDWR of 8,000 tons, the Facility's currently approved limits of waste placement will provide approximately 11 years of operating life. However, based on the Facility's average anticipated gate receipts of about 3,600 tons, the estimated operating life of the Facility will be approximately 25 years.

The above summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached PTI.

PERMIT CONDITIONS

1. The Facility's AMDWR is hereby established to be 8,000 tons. This supersedes any previously established AMDWR for the facility. This permit shall apply only to the increase in the Facility's AMDWR.
2. The Director of the Ohio Environmental Protection Agency (Ohio EPA), or an authorized representative, may enter upon the premises of the above-named applicant (permittee) at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above described source of environmental pollutants (municipal solid waste disposal facility).
3. The proposed source shall be constructed in strict accordance with the plans, specifications, and information submitted to Ohio EPA which constitute this permit. There shall be no deviation from the approved permit or permit conditions without the express, written approval of Ohio EPA. Any deviation from the approved permit or permit conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of this permit does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of Ohio EPA if the proposed solid waste disposal facility is inadequate or cannot meet applicable standards.
4. Issuance of this permit approval does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
5. This permit may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste disposal facility.

6. The owner or operator shall provide for the proper maintenance and operation of the municipal solid waste disposal facility in accordance with the provisions of OAC Chapter 3745-27.
7. Nothing in this permit shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations. This permit shall not be interpreted to release the permittee from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
8. This permit does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
9. Unless specifically superseded by this permit, the permittee shall comply with the requirements of all authorizing documents issued prior to this permit.

END OF CONDITIONS
