: Director's Final
: Findings and Orders
:

Respondent

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

PREAMBLE

It is agreed by the parties hereto as follows:

By: [Signature] Date: 2-25-16

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Utica East Ohio Midstream ("Respondent"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or the Facilities (as hereinafter defined) shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 6111 and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is the owner and operator of hydraulic directional drilling operations located in several counties in eastern Ohio.
2. All streams, lakes, ponds, marshes, watercourses, waterways, wells, springs, irrigation systems, drainage systems, and other bodies or accumulations of water, surface and underground, natural or artificial, regardless of the depth of the strata in which underground water is located, that are situated wholly or partly within, or border upon, this state, or are within its jurisdiction, except those private waters

that do not combine or effect a junction with natural surface or underground waters are "waters of the state" as defined in ORC § 6111.01.

3. In accordance with ORC § 6111.04, no person may discharge any pollutant or cause, permit, or allow a discharge of any pollutant to waters of the state without applying for and obtaining a valid permit.
4. OAC Rule 3745-1-04 provides, in part, that the following general water quality criteria shall apply to all surface waters of the state including mixing zones: To every extent practical and possible as determined by the Director, these waters shall be: (A) Free from suspended solids or other substances that enter the waters as a result of human activity and that will settle to form putrescent or otherwise objectionable sludge deposits, or that will adversely affect aquatic life; and (C) Free from materials entering the waters as a result of human activity producing color, odor or other conditions in such a degree as to create a nuisance.
5. OAC Rule 3745-1-51 provides, in part, that the following narrative criteria shall apply to wetlands: (A) The hydrology necessary to support the biological and physical characteristics naturally present in wetlands shall be protected to prevent significant adverse impacts on: (1) Water currents, erosion or sedimentation patterns; (2) Natural water temperature variations; (3) Chemical, nutrient and dissolved oxygen regimes of the wetland; (4) The movement of aquatic fauna; (5) The pH of the wetland; and (6) Water levels or elevations, including those resulting from ground water recharge and discharge.; and (C) Conditions shall not occur that will have a significant adverse impact on the ability of the wetland to be used for wetland-dependent recreational opportunities in or on the water.
6. From June 2013 through June 2015, Respondent had the following inadvertent releases, resulting in bentonite entering waters of the state:

Date	Substance Released	Amount Reported (Gal)	Ohio EPA Spill Number
Aug-13	Bentonite	3,000	1869
Aug-13	Bentonite	1000	1858
Sep-13	Bentonite	150	2038
Sep-13	Bentonite	500	2170
Apr-14	Bentonite	50,000	571
Jun-15	Sedimentation	Unknown	1227
Jun-15	Bentonite	Unknown	1342

***Violations of Ohio Water Pollution Control Laws
Regulatory Statutes***

7. Respondent's bentonite clay solution discharges temporarily caused the water quality standards found in OAC Rule 3745-1-04(C) to be violated by discharging substances into waters of the state as a result of human activity that altered the natural color or other conditions of waters of the state in such a degree as to create a nuisance.
8. Respondent's bentonite clay solution discharges temporarily caused the water quality standards found in OAC Rule 3745-1-51(A) to be violated by causing adverse impacts on waters of the states' sedimentation patterns, dissolved oxygen regimes, movement of fauna and water elevations.
9. Respondent's clay discharges temporarily caused the water quality standards found in OAC Rule 3745-1-51(C) to be violated by making conditions occur that have adverse impacts on the ability of wetlands to be used for wetland-dependent recreational opportunities in or on the water.
10. Respondent's bentonite clay solution discharges were not covered by obtaining an Ohio NPDES permit or obtaining authorization to discharge under a general NPDES permit, in violation of ORC §§ 6111.04 and 6111.07.

V. ORDERS

1. Respondent shall pay to the Ohio EPA the amount of eighteen thousand, nine hundred and ninety dollars (\$29,250.00) in settlement of Ohio EPA's claim for civil penalties, which may be assessed pursuant to ORC Chapter 6111. Payment shall be made by tendering an official check made payable to "Treasurer, State of Ohio" for the amount of fifteen thousand, one hundred and ninety two dollars (\$23,400.00) within thirty (30) days of the effective date of these Orders. The official check shall be submitted to Carol Butler, or her successor, together with a letter identifying Respondent and the Facilities, at the following address:

Ohio EPA
Office of Fiscal Administration
P.O. Box 1049

2. In lieu of paying the remaining five thousand, eight hundred and fifty dollars (\$5,850.00) of civil penalty, Respondent shall fund a Supplemental Environmental Project (SEP) by making a contribution in the amount of five

thousand, eight hundred and fifty dollars (\$5,850.00) to Ohio EPA's Clean Diesel School Bus Fund (Fund 5CD). Respondent shall, within thirty (30) days of the effective date of these Orders, tender an official check made payable to "Treasurer, State of Ohio" for five thousand, eight hundred and fifty dollars (\$5,850.00). The official check, together with a letter identifying Respondent and the Facilities, shall be submitted to Carol Butler, or her successor, at:

Ohio EPA
Office of Fiscal Administration
P.O. Box 1049
Columbus, Ohio 43216-1049

Photocopies of both checks shall be sent to Ohio EPA, in accordance with Section X. of these Orders.

3. Should Respondent fail to fund the SEP within the required time frame set forth in Order No. 2, Respondent shall immediately pay to Ohio EPA five thousand, eight hundred and fifty dollars (\$5,850.00) of the civil penalty in accordance with the procedures in Order No. 1.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is defined in OAC Rule 3745-33-03(F).

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or

corporation, not a party to these Orders, for any liability arising from, or related to activities occurring on or at the site.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

X. NOTICE

All documents required to be submitted by Respondent pursuant to these Orders shall be addressed to:

Columbus, Ohio 43216
Attn: Enforcement Supervisor

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XII of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent

may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.
