

**BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY
Public Notice
Proposed Update to State Water Quality Management Plan
and Section 208 Plans**

Notice is hereby given that the Director of Environmental Protection is proposing to update water quality management plans, as required by Sections 303 and 208 of the Clean Water Act. These plans describe and promote efficient and comprehensive programs for controlling water pollution from point and nonpoint sources in a defined geographic area. This update includes a newly delineated facility planning area in northwest Licking County and updated 208 Plans from the following Areawide Councils of Governments:

- **Eastgate Regional Council of Governments;**
- **Toledo Metropolitan Area Council of Governments;**
- **Ohio Kentucky Indiana Regional Council of Governments;**
- **Northeast Ohio Areawide Coordinating Agency; and**
- **Northeast Ohio Four County Regional Planning and Development Organization.**

Areawide Councils of Governments act as the lead planning agencies in 24 Ohio counties (those with large urban populations). The Areawide Agencies prepare and approve the 208 Plan in their counties. Pursuant to applicable regulations, the State of Ohio has authority to certify that the documents include the required plan elements, are consistent with one another, and are consistent with basin plans. The State of Ohio prepares and maintains the 208 Plan applicable in the remaining 64 counties. The Governor then certifies the entire 208 Plan via submission to U.S. EPA for their approval.

The public comment period will run until 5:00 p.m. on December 22, 2015. A public hearing on the proposed 208 Plan update will be held to consider public comments. This hearing will be held at 3:00 p.m. on December 15, 2015 at the following location:
