

Storm Water Friendly Zoning Codes and Ordinances Workshop

Date: Thursday, October 27, 2011 Time: 8:00 a.m.-12:30 p.m.

Location: City of Norton Administration Building and Community Center
4060 Columbia Woods Drive, Norton, Ohio, 44203

Speakers:

- ◆ **Jennifer Zielinski, PE**-Water Resources Engineer, Biohabitats, Inc.
- ◆ **Kirby Date, AICP**, Community Planning Program, CSU, Manager, Best Local Land Use Practices, Ohio Balanced Growth Program
- ◆ **Barb Holtz**, Manager/Naturalist, Cleveland Metroparks

Purpose:

The goal of this workshop is to present alternatives in code and zoning language that will provide solutions for improving storm water quality, reduce erosion and sediment loss, and address storm water volume issues, in Summit County and the entire Muskingum Watershed.

Topics to be covered:

- ◆ Overview of Sustainable Zoning
- ◆ Presentation of a checklist to guide the code review process
- ◆ Specific examples for code/regulation updates from the City of Norton and Coventry Township
- ◆ Presentation of models to incorporate storm water friendly language into local zoning codes
- ◆ Road blocks to change will be identified and considered

This workshop is made possible by a grant from the Muskingum Watershed Conservancy District and sponsored by the Summit Soil and Water Conservation District.

There is no charge for this workshop, but registration is required. You may call (330) 929-2871, or e-mail staff@summitswcd.org. Please provide your name, organization, phone and e-mail address when you register.
