

Resources FOR KIDS

These environmental learning resources are available on Ohio EPA's website. Print out one page or the whole booklet and make as many copies as you want.

Environmental Activity Book

This booklet includes a wide range of activities for different age groups, including a word search, word scramble, crossword puzzle, suggested science experiments, recycling symbol decoding exercise, water use quiz and more.

Make Less Waste

Simple illustrated guide for kids shows how backyard composting works and how kids can reduce waste.

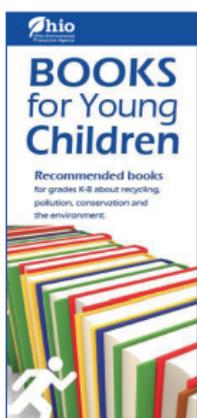

Green Report Card

Do you turn off the TV when you're not in the room?

Do you recycle?

Take this quiz to rate your efforts to help the environment.

Books for Young Children

Recommended books for grades K-8 about recycling, pollution, conservation and the environment.
