

\*\*\* DRAFT – NOT FOR FILING \*\*\*

3745-84-01      **Definitions.**

Except as otherwise noted, the definitions in rule 3745-81-01 of the Administrative Code shall apply to this chapter.

(A) "Number of wells supplying system" means those wells that are physically connected to the plumbing system serving the public water system.

(B) "Population served" means the total number of individuals receiving water from the public water system during a twenty-four hour period averaged over at least sixty days during any calendar year.

(C) "Service connection" means the active or inactive pipes, goosenecks, pigtails, and any other fittings connecting a water main to any building outlet.
