These rules address Adjudication & Administrative Procedures regulations.

The purpose of this rule making is to amend the chapters to do the following:

- The “procedural” rules, Chapter 3745-47, would become the “adjudication” rules, i.e., rules governing the adjudication process.

- The “miscellaneous” rules, Chapter 3745-49, would become the “administrative” rules, i.e., rules governing actions, public notices, public records, trade secrets, fact sheets, public meetings, etc.
- A new rule, 3745-49-12, governing verified complaints, would amplify ORC 3745.08.
- Rules 3745-49-50, 3745-49-51, and 3745-52 are not part of this rule-making. These rules are for the Clean Diesel Retrofit Grants, which are on a separate rule-making schedule.

The public comment period will run until January 5, 2012. A public hearing on this proposed rule making will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. This hearing will be held at Ohio EPA, 50 W. Town St., Suite 700, Columbus, OH 43215, Conference Center Room B, on January 5, 2012 at 10:30am.

To facilitate the scheduling of oral presentations, persons intending to give testimony at the hearing should notify the Ohio EPA Public Interest Center, P.O. Box 1049, Columbus, Ohio 43216-1049, (614) 644-2160. Prior registration will ensure that registrants are heard ahead of those individuals who register at the hearing. Oral testimony may be limited to five minutes, depending on the number of persons testifying. All interested persons are entitled to attend or be represented and to present oral and/or written comments concerning the proposed rule making.

Written testimony should be sent to the attention of Mandi Payton at the Ohio EPA – Director’s Office, P.O. Box 1049, Columbus Ohio 43216-1049. Written comments may also be submitted to the Hearing Officer at the public hearing. Written testimony will receive the same consideration as oral testimony. All testimony received at the hearing or by close of business on January 5, 2012 will be considered by Ohio EPA prior to final action on this rulemaking proposal. Written comments submitted after this date may be considered as time and circumstances permit.

Questions regarding this rule package should be directed to Mandi Payton at the Ohio EPA – Director’s Office, at (614) 644-2782 or by email at [amanda.payton@epa.ohio.gov](mailto:amanda.payton@epa.ohio.gov).

**Intervention.**

- (A) Any person may file a motion to intervene in adjudication proceedings conducted under this chapter. A motion shall be accompanied by a memorandum setting forth the matter for which intervention is sought, the grounds for proposed intervention, the position and interest of the movant in the adjudication proceedings, and any other matter that the movant deems relevant in light of the factors to be considered by the hearing examiner listed in paragraph (D) of this rule. The movant shall serve a copy of the motion upon each party as provided in rule 3745-47-05 of the Administrative Code.
- (B) Except as provided in paragraph (C) of this rule, a motion to intervene in adjudication proceedings shall be filed prior to the commencement of the first conference or not later than fifteen days prior to commencement of the adjudication hearing if no conference is held.
- (C) Motions to intervene in adjudication proceedings filed after the time periods set forth in paragraph (B) of this rule shall contain, in addition to the information required by paragraph (A) of this rule, a statement of good cause for the failure to timely file the motion and shall be granted only upon a finding that extraordinary circumstances justify the granting of the motion.
- (D) Motions to intervene may be granted by the hearing examiner upon consideration of the following factors, where relevant:
- (1) The nature and extent of the movant's interest in the subject matter of the adjudication proceedings and the degree to which the adjudication may impair or impede the movant's ability to protect that interest.
  - (2) The adequacy of the representation of the movant's interest by existing parties.
  - (3) The relationship of the movant's interest to the subject matter of the adjudication hearing.
  - (4) The avoidance of duplicative adjudication proceedings.
  - (5) Whether the intervention would unduly delay or prejudice the adjudication of the rights of the parties.
  - (6) The contribution the movant may make to the just determination of the issues.
- (E) In any adjudication proceedings in which intervention is granted under this rule, the intervener shall be bound by previous rulings. The hearing examiner may impose reasonable conditions or restrictions on the extent of the intervener's participation in the adjudication proceedings.

**Motions.**

(A) All motions, unless made before the hearing examiner upon the record, shall be made in writing. A written motion shall state with particularity the relief or order sought and shall be accompanied by a memorandum setting forth the grounds therefor.

(B) Not later than ten days after service of a written motion, or such other time as fixed by the hearing examiner, any party may file a response to a motion. A movant may reply to the response only with the permission of the hearing examiner. Procedural motions shall not cause delay of an adjudication hearing without a finding by the hearing examiner that good cause for such delay exists.

(C) Before deciding a written motion, the hearing examiner shall consider all applicable memoranda filed. The hearing examiner shall file a written decision, including any order issued, and shall serve copies on all parties. The hearing examiner's ruling on all oral motions shall be included in the stenographic record but the hearing examiner may elect to take the motion under advisement and issue a written ruling later. The hearing examiner shall include in each written decision on a motion a short statement of the reasons for each ruling.

(D) Motion for summary disposition.

(1) Any party may file a motion for summary disposition. A motion for summary disposition shall be filed not later than fifteen days before the date set for commencement of an adjudication hearing, unless leave for filing thereafter is obtained from the hearing examiner.

(2) When considering such a motion, the hearing examiner shall consider the proposed action; requests for adjudication hearing; objections; depositions; answers to interrogatories; stipulations of fact; admissions; the response to the motion and any replies to the response; affidavits accompanying the motion, response, or reply; and any argument presented at an adjudication hearing on the motion. If, after consideration of the foregoing, the hearing examiner determines that there is no genuine issue as to any material fact and that the moving party is entitled to the outcome requested as a matter of law, the hearing examiner shall submit to the director a report and recommendation pursuant to rule 3745-47-16 of the Administrative Code without holding an adjudication hearing.

**Adjudication hearing procedures.**

- (A) The hearing examiner shall admit all relevant and material evidence, except evidence that is unduly repetitious, even though inadmissible under the "Ohio Rules of Evidence" (2010) applicable to judicial proceedings. All records maintained by the agency or the agency's duly authorized representative shall not be inadmissible for lack of authentication if the custodian of such records certifies the identity of the records in writing. The weight to be given evidence shall be determined by the evidence's reliability and probative value. In all adjudication hearings the testimony of witnesses shall be taken orally, except as provided by this chapter or by the hearing examiner. Parties shall have the right to cross-examine witnesses.
- (B) If a party objects to the admission or exclusion of any evidence, that party shall state briefly the grounds for such objection. The stenographic record shall include any argument or debate thereon, unless the hearing examiner, with the consent of all parties, orders that such argument not be recorded. The ruling of the hearing examiner on any objection shall be part of the stenographic record.
- (C) A copy of each documentary exhibit filed with the hearing examiner shall be furnished to each other party. A true copy of an exhibit may, in the discretion of the hearing examiner, be substituted for the original.
- (D) Whenever evidence is ruled inadmissible, the party offering such evidence may make an offer of proof, which shall be included in the stenographic record. The offer of proof for excluded oral testimony shall consist of a brief statement describing the nature and substance of the evidence excluded. If the evidence consists of a document or exhibit, the evidence shall be inserted in the record in total. If the director decides that the hearing examiner's ruling in excluding the evidence was erroneous, the adjudication hearing may be reopened to permit the taking of such evidence, or, where appropriate, the director may evaluate the evidence and proceed to a final decision.
- (E) Official notice may be taken of such matters as are within the expertise of the hearing examiner. The parties shall be given adequate opportunity to show that such facts are erroneously noticed.
- (F) Parties may file proposed findings, orders, conclusions of law, or briefs for consideration by the hearing examiner not later than fourteen days after receipt of the stenographic record of the adjudication hearing or such other period of time as the hearing examiner may set.
- (G) After the conclusion of an adjudication hearing and prior to the submission of a report and recommendation, the hearing examiner, upon motion of a party, may permit the parties to file newly discovered documentary evidence that by due diligence could not have been discovered prior to the adjudication hearing.
- (H) No interlocutory appeal of any ruling or order of the hearing examiner may be made

to the director.

**Draft or proposed action.**

(A) Except as provided in paragraph (C) or (E) of this rule, in all actions of the agency, the director shall prepare and issue to the person subject thereto a proposed action. The proposed action may bear a date upon which it will become effective as a final action, or it may be issued with no such date stated. If the proposed action bears such a date, the date shall not be prior to:

- (1) The deadline for filing comments set forth in paragraph (F) of this rule; or
- (2) The deadline for requesting public meetings set forth in rule 3745-47-12 of the Administrative Code; or
- (3) The deadline for filing adjudication hearing requests and objections set forth in rule 3745-47-13 of the Administrative Code.

(B)

(1) Except as paragraph (B)(2) of this rule authorizes or paragraph (B)(3) of this rule requires the contrary, the director shall issue the proposed action as his final action on the effective date stated.

(2)

(a) If a proposed action is issued with an effective date, the director may amend the proposed action prior to its effective date, or, if hearing proceedings are initiated, at any time prior to entry of the proposed action upon the director's journal as a final action. A proposed action issued without an effective date may be amended at any time prior to entry upon the director's journal as a final action.

(b) The director may withdraw the proposed action prior to the effective date stated, or, if no date is stated, at any time. However, the director may not withdraw a proposed action after initiation of hearing proceedings, unless all requests for adjudication hearings and objections have been withdrawn or dismissed.

(3)

(a) The director shall not issue a final action prior to any of the dates set forth in paragraphs (A)(1) to (A)(3) of this rule.

(b) The director shall not issue a final action

(i) If an objection is received from the United States environmental protection agency and the applicable law prohibits issuance of a final action under such circumstances; or

(ii) Until paragraph (D) of rule 3745-47-12 of the Administrative Code is complied with; or

(iii) Until paragraph (C) of rule 3745-47-13 of the Administrative Code is complied with; or

(iv) Until paragraph (F) of this rule is complied with.

(C) Notwithstanding the provisions of paragraph (A) of this rule, the director may issue a draft action to the person subject thereto in any instance in which the director would be permitted to issue a final action without a hearing pursuant to paragraph (E) of this rule. The draft action may bear a date upon which it will become effective as a final action, or it may be issued with no such date stated. If the draft action bears such an effective date, the date shall not be prior to

(1) The deadline for filing comments set forth in paragraph (F) of this rule; or

(2) The deadline for requesting public meetings set forth in rule 3745-47-12 of the Administrative Code.

(D)

(1) Except as paragraph (D)(2) of this rule authorizes or paragraph (D)(3) of this rule requires the contrary, the director shall issue the draft action as his final action on the effective date stated.

(2)

(a) If a draft action is issued with an effective date, the director may amend the draft action at any time prior to its stated effective date. A draft action issued without an effective date may be amended at any time prior to entry upon the director's journal as a final action.

(b) The director may withdraw the draft action prior to the effective date

stated, or, if no date is stated, at any time.

(3)

(a) The director shall not issue a final action prior to either of the dates set forth in paragraphs (C)(1) and (C)(2) of this rule.

(b) The director shall not issue a final action

(i) If an objection is received from the United States environmental protection agency and the applicable law prohibits issuance of a final action under such circumstances, or

(ii) Until paragraph (D) of rule 3745-47-12 of the Administrative Code is complied with; or

(iii) Until paragraph (F) of this rule is complied with.

(E) Notwithstanding the provisions of paragraph (A) of this rule, the director may issue a final action without first issuing a proposed action where the statutes pertaining to the agency specifically give a right to appeal to the environmental board of review and also give the appellant a right to a hearing on such appeal in accordance with Chapter 119. of the Revised Code, and where no statutory provision or regulation prohibits such action from being effective before persons permitted by statute or rule to participate in an adjudication hearing have been afforded an opportunity for a hearing.

(F) Any person may submit written comments relating to a proposed action or a draft action. All comments received by the agency within thirty days after public notice, or such longer period as the public notice may specify, shall be considered prior to issuance of a final action. (A)

- (1) The agency shall give public notice of all actions, except amended draft and amended proposed actions; adjudication hearings; public meetings; verified complaints received; and complaints filed under section 6111.32 of the Revised Code. The agency shall also give public notice whenever it begins consideration of issuance of certification under section 401 of the Federal Water Pollution Control Act. The agency may also give public notice of amended draft and amended proposed actions.
  - (2) All notices required or authorized by paragraph (A)(1) shall be published once in a newspaper having general circulation in the county in which the source or facility is located. Publication shall be done within fifteen days after issuance of an action, initiation of consideration, or receipt of a complaint, and at least thirty days prior to a public meeting or an adjudication hearing, except that, if the adjudication hearing concerns the director's action on an industrial water pollution control certificate under Chapter 6111. of the Revised Code, publication shall be done between fifteen and thirty days prior to the hearing. This paragraph does not apply to a final action preceded by a proposed action, unless the final action differs from the proposed action in a manner that affects the rights or duties of any person, or unless the final action concerns an industrial water pollution control certificate under Chapter 6111. of the Revised Code. Public notice is complete upon publication.
  - (3) All notices required or authorized by paragraph (A)(1) shall be mailed by first class mail to all persons on the mailing list of subscribers maintained pursuant to section 3745.07 of the Revised Code. Mailing shall be done within seven days after issuance of an action, receipt of a complaint, or initiation of consideration and at least fourteen days prior to a public meeting or an adjudication hearing.
- (B) If any person has requested in writing to be kept informed of agency actions relating to a particular source or facility, or has requested a copy of the application, action, or fact sheet therefor, and if the agency later issues an action or receives a complaint relating to the source or facility, the agency shall send the notice required by paragraph (A)(1) of this rule to that person within fifteen days after issuance or receipt.
- (C) If any action but a final action would issue or renew a permit to discharge sewage, industrial wastes, or other wastes to waters of the state under division (J) of section 6111.03 of the Revised Code, the agency shall, on or before the date of newspaper

publication, provide the information specified in rule 3745-47-09 of the Administrative Code to any state, interstate, federal, or local government agency having jurisdiction over waters that may be affected by the discharge.

(D)

- (1) The agency shall send notice by certified mail of the time and place of an adjudication hearing to all parties thereto at least thirty days prior thereto, except that, if the hearing relates to an industrial water pollution control certificate under Chapter 6111. of the Revised Code, the agency shall mail the notice between fifteen and thirty days prior to the hearing to the tax commissioner, the county auditor of the county or counties in which the structure or items described in the application are located, and to the person to whom a final action will be issued.
- (2) The agency shall send notice by certified mail of the time and place of a public meeting on an action to all parties to any adjudication hearing arising from the action, at least twenty days prior to the meeting.

(E)

- (1) All actions but final actions shall be mailed by certified mail, return receipt requested, to the person subject thereto. All proposed actions shall be accompanied by a notice that shall state the time and method by which the person may request an adjudication hearing. All draft actions shall be accompanied by a statement as to when a final action will be issued. If an amended proposed action only corrects typographical or administrative errors in a previous action and does not affect the rights or duties of any person, no opportunity to request an adjudication hearing need be afforded.
- (2)
  - (a) If a draft or proposed action is issued with an effective date, any amendments thereto are issued in accordance with paragraph (E)(1) of this rule, and the action is later entered upon the director's journal without being changed further, the agency need not, at the time of entry, provide notice or a copy of the action as entered to the person subject thereto.
  - (b) If a draft or proposed action is issued without an effective date, any amendments thereto are issued in accordance with paragraph (E)(1) of this rule, and the agency later assigns an effective date and enters the

action upon the director's journal without changing the action further, the agency shall mail notice to the person subject thereto informing him of the effective date.

- (c) In all other instances, the agency shall mail a copy of the final action
    - (i) To the person subject thereto; and
    - (ii) If the final action follows initiation of hearing proceedings upon a prior proposed action, to any other parties; and
    - (iii) If the final action follows initiation of hearing proceedings upon a prior proposed action, to any attorneys of record; and
    - (iv) If the final action dismisses a verified complaint, to the person complained against.
  - (d) If the final action follows initiation of hearing proceedings upon a prior proposed action, the agency shall certify that the copy of the final action mailed is a true and accurate copy of the final action as entered upon the director's journal.
  - (e) All mailings required by paragraphs (E)(2)(b) and (E)(2)(c), except those required by paragraphs (E)(2)(c)(iii) and (E)(2)(c)(iv), shall be done by certified mail, return receipt requested. Notice shall be complete upon receipt or upon refusal to accept certified mail. Mailings required by paragraphs (E)(2)(c)(iii) and (E)(2)(c)(iv) shall be done by first class mail. All mailings required by paragraphs (E)(2)(b) and (E)(2)(c) shall be done within five days of entry of the action upon the director's journal.
  - (f) If the applicable law grants a right to appeal the final action to a higher authority, mailings required by this paragraph shall be accompanied by a notice stating the time and method by which the appeal must be filed.
- (3) If an action relates to an industrial water pollution control certificate under Chapter 6111. of the Revised Code, it shall be sent to the county auditor of the county or counties in which the structure or items described in the application are located, and to the tax commissioner, within five days of issuance. A proposed action shall be sent by first class mail and shall be accompanied by a notice stating how an application for reconsideration may be filed. A final action shall be sent by certified mail, return receipt requested.

## (F)

- (1) Failure to give notice of a proposed action as required by this rule to any person other than the person subject thereto will invalidate the resulting final action only if the failure is raised by, and was relied upon to the detriment of, any person entitled to be a party at an adjudication hearing before the agency. Failure to mail notice as required by paragraph (A)(3) of this rule will not invalidate any action of the director under any circumstances.
- (2) Failure to give notice of a draft action as required by this rule will invalidate the following final action only where such invalidation is expressly required by applicable law.

**Requests for adjudication hearings and objections.**

(A) An adjudication hearing upon a proposed action shall be held:

- (1) Upon request therefor from the person to whom the proposed action was issued,  
or
- (2) Upon objection by any person pursuant to section 3745.07 of the Revised Code  
or, or
- (3) Upon application for reconsideration by the tax commissioner or the county  
auditor pursuant to section 6111.31 of the Revised Code

If the request, objection, or application is timely.

An application or request relating to an industrial water pollution control certificate under Chapter 6111. of the Revised Code is timely if filed within fifteen days of mailing of notice of the proposed action to the person filing the application or request. All other requests and all objections are timely if filed within thirty days of issuance of the proposed action. This paragraph does not authorize the filing of objections to amended proposed actions unless the agency gave public notice of the amended proposed action under rule 3745-47-07 of the Administrative Code.

(B) All requests for adjudication hearings, objections, and applications shall be in writing. All requests for adjudication hearings, objections, and applications shall state the action of the agency objected to, the questions to be considered at the requested hearing, and the reasons that the proposed action is contested.

If the following are not included in the adjudication hearing request, objection, or application as initially filed, they shall be filed by the party within sixty days of issuance of the proposed action, or such other time as the hearing examiner may order:

- (1) The specific provisions of the proposed action that the party alleges should be deleted from the director's final action;
- (2) The specific provisions of the proposed action that the party alleges should be amended in the director's final action, and the text of the party's proposed amendment;
- (3) The specific provisions that the party alleges should be added to the director's

final action, and requested language for those additions.

For each requested deletion, amendment, or addition, the party shall include a clear and concise summary of the factual and/or legal basis of the request, including a reference setting forth citation to any statute, regulation, or other legal principle that the party asserts is offended by the proposed action. Filings required by paragraphs (B)(1) to (B)(3) of this rule may be included in filings required under rule 3745-47-19 of the Administrative Code, if such would still permit compliance with the sixty-day deadline set forth above, and if such is acceptable to the hearing examiner.

- (C) After initiation of hearing proceedings the director shall not issue a final action as required by paragraph (B) of rule 3745-47-05 of the Administrative Code until the hearing proceedings are completed in accordance with Chapter 3745-47 of the Administrative Code.
- (D) If an objection is received under section 3745.07 of the Revised Code but no request for hearing is received from the person to whom the proposed action was issued, the agency may participate in the hearing actively or refrain from active participation, permitting the other parties to prosecute the proceedings.
- (E) If the opportunity for an adjudication hearing is not availed of within the time period established by paragraph (A) of this rule, all persons entitled to object or request a hearing shall be deemed to have waived all rights to a hearing and all rights to contest the director's action, and they shall be deemed to have consented to the proposed action, which may become final and as valid as if a hearing had been held at which sufficient reliable, probative, and substantial evidence had been presented in support thereof.
- (F) The director or his authorized representative shall schedule adjudication hearings. In scheduling hearings consideration shall be given to:
  - (1) Providing adequate time for all parties to prepare for the hearing; and
  - (2) Any request by a party relating to the time and location of the hearing.

3745-47-19                    **Prehearing conferences - proceedings prior to adjudication hearing.**

(A) Upon written notice by the hearing examiner to all parties, the parties or their attorneys may be ordered to appear at a specified time and place for a conference, presided over by the hearing examiner, prior to or during the course of the hearing, to consider such matters as the hearing examiner shall direct, including, but not limited to:

- (1) The settlement of the controversy;
- (2) The specification and simplification of the issues;
- (3) The disclosure of names, identities and location of witnesses together with a brief statement of what is proposed to be established by the testimony of each;
- (4) The limitation of the number of and the exchange of reports of expert witnesses expected to be called by any party;
- (5) Obtaining:
  - (a) admissions of fact;
  - (b) stipulations as to the admissibility into evidence of documents and other exhibits to avoid unnecessary proof;
- (6) The exchange of documentary evidence to be submitted at the hearing.

All parties shall attend the prehearing conference fully prepared to discuss in detail their own positions with respect to all issues of fact and law raised in their own requests for adjudication hearing, all issues of fact and law raised by other parties on which they wish to take a position, all respects in which they desire the proposed action to be altered, and the reasons therefor.

(B) The hearing examiner may require the parties to prepare prehearing briefs prior to or subsequent to the prehearing conference covering such matters as the hearing examiner may specify.

(C) The proceedings at a prehearing conference shall be off-the-record, but the hearing examiner may prepare, or order prepared, a prehearing conference report

encompassing the agreements reached and decisions made at the prehearing conference, including any admissions, stipulations, or proposals agreed to. All offers of settlement, proposals of adjustment, and proposed stipulations not agreed to shall be privileged, shall not constitute admissions, and shall not be admissible in evidence against the person making the offer or proposal.

- (D) If, at a prehearing conference or at any other time prior to issuance of a final action, the parties agree to a settlement, the hearing examiner may recommend in writing to the director that the settlement terms be adopted as a final order; or the parties may prepare a suggested consent order, signed by the parties other than the agency, which may be submitted along with the file to the director for adoption after consideration of the record.
- (E) The parties may meet together at such other times as they shall mutually agree for purposes of accomplishing any of the objects listed in paragraphs (A) and (D) of this rule.
- (F) Upon the hearing examiner's own motion, or upon motion of a party, the hearing examiner may order cases involving common issues of fact and law to be consolidated.
- (G) For purposes of this rule, the phrase "request for adjudication hearing" includes objections under section 3745.07 of the Revised Code and motions to intervene with accompanying pleadings under rule 3745-47-15 of the Administrative Code.
- (H) Amendment of adjudication hearing requests and objections may be made in the same manner as the "Ohio Rules of Civil Procedure" allow amendment of complaints. Also, if the agency issues an amended proposed action after initiation of hearing proceedings, the hearing examiner shall grant all parties a reasonable time, which, notwithstanding any other provision of Chapter 3745-47 of the Administrative Code, may be less than thirty days, to amend their adjudication hearing requests, objections, or petitions to intervene so as to raise issues relating to the amendments.

**Discovery; availability of agency files.**

- (A) Except as otherwise provided in this rule, any party may obtain discovery or protection from discovery in the same manner and to the same extent as is prescribed in the "Ohio Rules of Civil Procedure". Any party may require the production of such books, records, and papers as it desires and for that purpose the hearing examiner shall, at the request of the party, issue a subpoena or a subpoena duces tecum, as in criminal cases. No interrogatories or motions for production of documents may be served upon the agency unless accompanied by a sworn statement that the party serving the interrogatories or the motion has diligently exercised its rights under paragraph (B) of this rule and
- (1) Has been denied access to or copies of material that should be, by operation of said division, available to it; or
  - (2) Has been unable in that fashion to obtain the requested information.
- (B) The files, books, and records of the agency, other than communications with the attorney general, materials or information obtained or prepared during the pendency of litigation for use in that litigation, materials or information not available for public inspection pursuant to statute or rule, and materials or information privileged pursuant to statutory provisions relating to trade secrets, shall be made available by the agency during regular business hours for review and copying by any person, whether or not litigation is pending. The agency shall provide facilities for the inspection of all agency files and a machine or device for the copying of papers and documents for which it may charge a fee commensurate with the cost to the agency of providing such equipment. A record of the location of all files in use by state employees and removed from such facility for that purpose shall be maintained and any such state employee shall permit any person to see such file upon request.
- (C) No subpoena duces tecum shall be issued to compel production of the files, books, and records of the agency for purposes of an adjudication hearing unless the hearing examiner finds that a person has been refused access to said records.
- (D) No adjudication hearing shall be continued to a date more than sixty days after initiation of hearing proceedings for the purpose of discovery unless the hearing examiner finds in writing that the party requesting the continuance diligently pursued discovery but was unable to complete discovery due to the unusual complexity of the case.
- (E) Parties shall cooperate in conducting discovery procedures with a view to accomplishing full and complete disclosure of all relevant facts. Informal

consultation among parties concerning discovery shall be attempted before filing of formal motions to compel discovery.

- (F) All costs of service, mileage, witness fees and other costs of discovery shall be borne by the party requesting such discovery. Witness and mileage fees shall be the same as paid by the common pleas courts of Ohio in criminal cases.

**Adjudication hearing procedures.**

- (A) The hearing examiner shall admit all relevant and material evidence, except evidence that is unduly repetitious, even though inadmissible under the rules of evidence applicable to judicial proceedings. The weight to be given evidence shall be determined by its reliability and probative value. In all hearings the testimony of witnesses shall be taken orally, except as provided by these rules or by the hearing examiner. Parties shall have the right to cross-examine all witnesses.
- (B) If a party objects to the admission or exclusion of any evidence, he shall state briefly the grounds for such objection. The transcript shall include any argument or debate thereon, unless the hearing examiner, with the consent of all parties, orders that such argument not be transcribed. The ruling of the hearing examiner on any objection shall be a part of the transcript. An automatic exception to that ruling will follow.
- (C) A copy of each documentary exhibit filed with the hearing examiner shall be furnished to each other party. A true copy of an exhibit may, in the discretion of the hearing examiner, be substituted for the original.
- (D) Whenever evidence is ruled inadmissible, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof for excluded oral testimony shall consist of a brief statement describing the nature and substance of the evidence excluded. If the evidence consists of a document or exhibit, it shall be inserted in the record in total. If the director decides that the hearing examiner's ruling in excluding the evidence was erroneous, the hearing may be reopened to permit the taking of such evidence, or, where appropriate, the director may evaluate the evidence and proceed to a final decision.
- (E) Official notice may be taken of such matters as are within the expertise of the hearing examiners. The parties shall be given adequate opportunity to show that such facts are erroneously noticed.
- (F) Parties may file proposed findings and orders, conclusions of law, or briefs for consideration by the hearing examiner within fourteen days following receipt of the transcript of the adjudication hearing by the hearing clerk or such other period of time as the hearing examiner may set.
- (G) After the conclusion of an adjudication hearing and prior to the filing of a report and recommendations with the hearing clerk, the hearing examiner, upon motion of a party, may permit the parties to file newly discovered documentary evidence that by due diligence could not have been discovered prior to the adjudication hearing.

- (H) No interlocutory appeal of any ruling or order of the hearing examiner may be made to the director.
  
- (I) If a public meeting is held on a proposed action, the adjudication hearing upon that proposed action may not commence until at least thirty days after the public meeting.

**Burden of proof - evidence.**

(A)

- (1) The burden at all hearings with respect to applications, permits, licenses, variances, and certificates shall be upon the applicant to prove entitlement to the permit, license, variance, or certificate.
- (2) The agency shall bear the burden of proof at all adjudication hearings relating to proposed modifications initiated by the agency, proposed revocations, proposed orders, and findings and notice of hearing under section 3745.08, 6109.14, or 6111.32 of the Revised Code.
- (3) A party raising an issue of fact shall have the burden of presenting a prima facie case establishing the fact; thereafter, the burden of proof on such issue is allocated as provided by paragraphs (A)(1) and (A)(2) of this rule.

(B) Notwithstanding anything to the contrary in paragraph (A) of this rule, there shall be a legal presumption in favor of facts asserted by a party that can be disproved by evidence available to and under the control of an opposing party. In order to rebut this presumption, the party having control of such evidence must show that the nonexistence of the presumed fact is more likely than the existence of such fact.

(C)

- (1) All reports filed with the agency, or a local air pollution control agency acting pursuant to division (Q) of section 3704.03 of the Revised Code, in compliance with requirements of statutes, rules, or permits shall be admissible without further authentication if the custodian of such reports certifies their identity in writing. Any party may prove such reports are not genuine.
- (2) All reports of samples taken by staff members of the agency, or a local air pollution control agency acting pursuant to division (Q) of section 3704.03 of the Revised Code, and tested in facilities of the state shall be admissible if all persons who had custody of such samples have endorsed a record showing a chain of custody, and the persons who had custody of such samples need not testify. Mailing of samples shall not be considered a break in the chain of custody. Any party may prove that such reports do not pertain to the samples purportedly tested.

The director, the assistant director, the deputy directors, and the hearing examiner may participate in prehearing conferences or any other discussions in which all the parties have a right to participate.

The hearing examiner shall take such additional action as the hearing examiner deems advisable, which may include recommending entry of a default on the part of the party guilty of the malfeasance.
- (C) A hearing examiner shall at any time disqualify himself if for any reason he may not be able to preside in a fair and impartial manner and render an impartial report to the director, or if he receives or has during the previous two years, received ten per cent or more of his gross personal income for a calendar year, including retirement benefits, consultant fees, and stock dividends. (except that income from the state or from diversified investments where he does not know the identity of the primary sources of income shall not be included as contributing toward such percentage), from a party or any subsidiary or owner thereof. To disqualify himself, a hearing examiner shall file an affidavit stating the reason for disqualification.
- (D) Hearing examiners shall behave in the manner prescribed for judges generally in the "Code of Judicial Ethics" of the supreme court of Ohio, which code is hereby expressly incorporated by reference.
- (E) It shall not be deemed a violation of this rule if the director, in the performance of duties and functions other than decision-making in adjudication proceedings, gathers information or expresses opinions on matters of fact or law that are also at issue in an adjudication proceeding.

**Public notice of proposed and final rules.**

- (A) As used in this rule, "rule" means any rule, regulation, or standard, having a general or uniform operation, adopted or promulgated, and enforced by the Ohio environmental protection agency.
- (B) Public notice of the intention of the environmental protection agency to consider adopting, amending or rescinding a rule shall be published in the Register of Ohio in accordance with the requirements in Ohio Revised Code 119.03 at least thirty days prior to the date set for a public hearing to consider adopting, amending or rescinding said rule. Said public notice shall also be published in the "Ohio EPA Weekly Review." Said public notice shall consist of a synopsis or a general statement of the subject matter of the proposed rule, amendment, or rule to be rescinded by the Ohio environmental protection agency and the date, time, and place of hearing on said proposed rule.
- (C) Public notice of the adoption, amendment or rescission by the environmental protection agency of final rules, shall be published in the Register of Ohio in accordance with the requirements in Ohio Revised Code 119.03 at least ten days prior to the effective date of the said rule, except when the governor, pursuant to division (F) of section 119.03 of the Revised Code, declares an emergency allowing for the immediate adoption, amendment or rescission of a rule. In such case, the environmental protection agency shall, as expeditiously as practicable following the adoption, amendment or rescission of an emergency rule, publish notice of such action in "Ohio EPA Weekly Review" and in the Register of Ohio.
- (D) The Ohio EPA shall take such additional steps as are reasonably calculated to inform interested persons of the time, date, and place of the public hearing and the subject matter of the proposed rule. However, the giving of such additional notice is not mandatory and the failure to give notice by any means other than as specified in paragraph (B) of this rule shall not in any way invalidate any action which may be taken by the Ohio environmental protection agency.
- (E) Copies of the full text of the proposed rule, final rule, amendment, or rule to be rescinded shall be available prior to the effective date of such rule from the Ohio EPA for any person who wishes to obtain a copy. However, failure to furnish such copies to any person shall not invalidate any action of the Ohio EPA in connection therewith.
