Re: Public hearing results for the eight-hour ozone redesignation request for the Dayton/Springfield area.

Dear Administrator Gade:

I am writing to provide the results of the public hearing and comment process for the Dayton-Springfield area request for redesignation with respect to the eight-hour ozone standard. This submittal completes the package initially submitted on November 6, 2006. The public hearing for this package was held on December 5, 2006 in Dayton, Ohio.

Attendance was minimal at the hearing. Representatives from the regional planning commission, the regional air pollution agency and two citizens were present. Oral comments in support of the redesignation were given by John Paul of the Regional Air Pollution Control Agency during the public hearing. Enclosed is a copy of the public notices, public hearing transcript, board resolution, comments and state responses.

I ask that U.S. EPA complete their review of this package and take final action on the redesignation request for the Dayton-Springfield area in a timely manner.

If you have any questions, please contact Sam MacDonald in the Division of Air Pollution Control at (614) 728-1743,

Sincerely,

Laura H. Powell
Acting Director
