Re: Public hearing results for the eight-hour ozone redesignation request for Youngstown-Warren-Sharon PA-OH area.

Dear Administrator Gade:

I am writing to provide the results of the public hearing and comment process for the Youngstown-Warren-Sharon area request for redesignation with respect to the eight-hour ozone standard. This submittal completes the package initially submitted on December 4, 2006. The public hearing for this package was held on January 9, 2006 in Youngstown, Ohio.

Attendance at the hearing included a representative from the local air pollution control agency, Youngstown City Hall, Ohio EPA Northeast District Office and two members of the media. Written comments were received in the form of a letter and the same was read as oral testimony at the hearing. Enclosed is a copy of the public notice, public hearing transcript and the written comments.

I ask that U.S. EPA complete their review of this package and take final action on the redesignation request for the Youngstown-Warren-Sharon area in a timely manner.

If you have any questions, please contact Sam MacDonald in the Division of Air Pollution Control at (614) 728-1743.

Sincerely,

Chris Korleski  
Director
