DERR	Solid Waste Disposal Fee	1993	0%	3734	\$ 7,700,000	DERR portion \$0.50 of \$2.00 per ton - \$1.00 to DSIWM and \$0.50 to DHWM. Annual Revenue is only DERR portion of fee. Projected annual revenue for DERR in FY10-11 is \$6,750,000 per year.	Landfills	Monthly	5050	Y
DAPC/RTK	Inventory Filing Fee--Base \$150.00	2002	0%	3750.13	\$ 2,629,000	Base Fee of \$150 for submitting a chemical inventory report. Late penalty of 10% after March 31.	Any facility with +1 extremely haz substance, or 10K lbs of haz substances on-site	Annually, March 1	6790	N
DAPC/RTK	Inventory Filing Fee---(Additional) \$20.00 per each hazardous substance reported.	2002	0%	3750.13	incl. above	Fee of \$20 per each additional substance reported. Total Inventory filing fee not to exceed \$2,500.	Facility with more than 10K lbs of haz substance on-site	Annually, March 1	6790	N
DAPC/RTK	Inventory Filing Fee---(Additional) \$150.00 per extremely haz. substance reported	2002	0%	3750.13	incl. above	Fee of \$150 per each additional extremely hazardous substance. Total Inventory filing fee not to exceed \$2,500.	Facility with more than 1 extremely haz substance on-site	Annually, March 1	6790	N
DAPC/RTK	Oil and Gas Base Filing Fee- \$50.00 (covers 1-25 well reported)	2002	0%	3750.13	incl. above	Base Fee of \$50 for up to 25 wells; total Gas & Oil filing fee not to exceed \$900. Late penalty of 10% after March 31.	Gas and oil producing facilities	Annually, March 1	6790	N
DAPC/RTK	Oil and Gas Base Filing Fee- \$10.00 per each well reported over 25	2002	0%	3750.13	incl. above	Fee of \$10 per each additional well over 25. Total Gas & Oil filing fee not to exceed \$900. Late penalty of 10% after March 31.	Gas and oil producing facilities	Annually, March 1	6790	N
DSIWM	Solid Waste Disposal Fee	2004	33%	3734	\$ 15,000,000	DSIWM portion \$1.00 of \$2.00 per ton - .50 each to DERR & DHWM. Annual Revenue is only DSIWM portion of fee. Increase in 2004 was from 75 cents to \$1. Projected annual revenue for DSIWM for FY10-11 is \$13.5M per year.	Landfills	Monthly	4K30	Y
Various	Environmental Protection Fee	2006	0%	3734	\$ 22,500,000	\$1.50 per ton of solid waste, divided among all programs and accounted for separately. Projected annual revenue for this portion of solid waste disposal fee in FY10-11 is \$20,250,000 per year.	Landfills	Monthly	5BC0	N
DSIWM	Scrap Tire Abatement	2001	0%	3734	\$ 6,900,000	\$1 fee on new tire sales. Between \$1 and \$1.5 mil is passed through to DNR. Projected annual revenue for FY10 and FY11 is \$6.7M per year.	Tire distributors	Monthly	4R50	Y
DSIWM	Infectious Waste Management	1991	0%	3745	\$ 110,000	\$300 every third year to register as a transporter/generator of infectious waste.	Waste generators and transporters	Renewal based on permit expiration date	6600	N
DSIWM	Construction and Demolition Debris	1990	0%	3714	\$ 660,000	\$3,000 annual fee for each C&DD Landfill, plus \$0.30/cubic yard or \$0.60/ton of CD&D waste. Projected annual revenue for FY10 and FY11 is \$528,000 per year.	CD&D Landfills	Monthly	4U70	N
DSIWM	C&DD Groundwater Monitoring	2008	New	3714	\$ 342,000	\$1.10 per ton at EPA-licensed C&DD landfills; \$0.08 per ton at Health District-licensed C&DD landfills.	CD&D Landfills	Monthly	5BT0	N
DSIWM	Infectious Waste Incinerator License			3734.06		\$2,500 to \$30,000 (minus \$100 application fee)	Facilities who store, use or produce toxic substances in specified quantities.	Annually, July	6780	N
DSIWM	Infectious Waste Treatment Facility License			3734.06, 3745.11(Q)		\$5,000 to \$60,000 (minus \$100 application fee)	Utilities and large manufacturers	Annually, July 1	4T30	N
DSIWM	Infectious Waste Incinerator License			3734.06		\$2,500 to \$30,000 (minus \$100 application fee)	Facilities who store, use or produce toxic substances in specified quantities.	Annually, July	6780	N
DSIWM	Solid Waste Facility License Application Fee			3734.05		\$100 per application				
DSIWM	MSW, RSW, ISW Landfill License Fee			3734.06		\$5,000 to \$60,000 (minus \$100 application fee)				
DSIWM	Solid Waste Incinerator License			3734.06		\$2,500 to \$30,000 (minus \$100 application fee)				
DSIWM	MSW Transfer Facility License			3734.06		\$750 (minus \$100 application fee)				
DSIWM	Solid Waste Compost Facility License (Class 1 or 2)			3734.06		\$300 to \$30,000 (minus \$100 application fee)				
DSIWM	Scrap Tire Recovery License			3734.82		\$100 to \$5,500 (minus \$100 application fee)				
DSIWM	Scrap Tire Class Storage License			3734.82		\$1,000 to \$3,000 (minus \$100 application fee)				
DSIWM	Scrap Tire Monocell / Monofill License			3734.82		\$5,000 to \$60,000 (minus \$100 application fee)				
DSIWM	Scrap Tire Collection Facility License			3734.82		\$50 to \$200				
DSIWM	Scrap Tire Transporter Registration			3734.83		Up to \$300				
DSIWM	Scrap Tire Facility Registration Application Fee			3745.11(S)		\$15				
DSIWM	Scrap Tire Collection Facility Registration			3745.11(R)		\$25 to \$200 (minus \$15 application fee)				
DSIWM	Scrap Tire Storage Facility Registration			3745.11(R)		\$25 to \$300 (minus \$15 application fee)				
DSIWM	Scrap Tire Recovery Facility Registration			3745.11(R)		\$100 (minus \$15 application fee)				
DSIWM	Solid Waste Facility Permit Application Fee			3734.05(A)(2)(c)	\$ 2,400	\$400				
DSIWM	Solid Waste Landfill Permit			3745.11(Q)	\$ 82,000	\$1,000 to \$80,000 (minus \$400 application fee)				

Division	Fee Description	Fiscal Year Last Changed	Percent Increase 2002-2010	ORC Section	FY10 Annual Revenue	Current Fee Amount/Range & Structure	Payer	Due Date	Fund	Sunset Y/N
DSIWM	Solid Waste Composting Permit			3745.11(Q)		\$1,000 (minus \$400 application fee)				
DSIWM	Solid Waste Incinerator Permit			3745.11(Q)	\$ -	\$1,000 (minus \$400 application fee)				
DSIWM	Solid Waste Transfer Facility Permit			3745.11(Q)	\$ 2,100	\$2,500 (minus \$400 application fee)				
DSIWM	Scrap Tire Storage Facility Permit			3745.11(R)		Up to \$1,000 (minus \$400 application fee)				
DSIWM	Scrap Tire Monocell / Monofill Permit			3745.11(R)		\$1,000 to \$80,000 (minus \$400 application fee)				
DSIWM	Scrap Tire Recovery Facility Permit			3745.11(R)		\$1,000 (minus \$400 application fee)				
DAPC	Title 5 Emission Fees	2003	16%	3745.11	\$ 17,455,000	CY 2010 emission fee is \$44.48/ton. A CPI adjustment occurs each year.	Utilities and large manufacturers	Annually, July 1	4T30	N
DAPC	Echeck Tire Fee	Has not changed. Is funded by GRF transfer.		3734.901	\$ 14,385,892	There are no fees.	Tire distributors	Monthly	5BY0	N
DAPC	DAPC Toxic Release Initiative Program	1989	0%	3751.05	\$ 113,230	Fees submitted along with TRI reports once per year.	Facilities who store, use or produce toxic substances in specified quantities.	Annually, July	6780	N
DAPC	Asbestos Removal Fee	1993	0%	3704.03 and 3745.11	\$ 388,000	Fees are charged for the notification (\$75) and cubic yards (\$4) and square feet (\$3) of asbestos removed.	Facilities containing asbestos	Upon Application	4K20	N
DAPC	Non Title 5 Fees	2003	100%	3745.11	\$264,000	Fees are charged every two years based on annual emissions in tons. Fee nearly doubled in 2003 for sources emitting less than 50 tons per year, but a number of those sources were exempt due to ORC change. While the fee per ton charge increased, total revenue collected decreased due to the exemptions. Fee is graduated and based on tons emitted in the prior calendar year, and ranges from \$100-\$700/year. In SFY 09 DAPC collected \$1.5M in these fees.	Small manufacturers	Every two years, in July	4K20	N
DAPC	Permit To Install	2003	Varies by fee, but generally 100%	3745.11	\$ 710,000	Fee charged for construction of new air polluting sources. Fees nearly doubled in 2004 but many sources were exempted and total revenue collected decreased. This fee category contains many individual fees of various amounts.	Facilities who install regulated emissions sources	Upon Application	4K20	N
DAPC	Federally Enforceable State Operating Permits (FESOPs) also referred to as synthetic minor facilities.	2002	0%	3745.11	\$ 365,000	SFY 2001 was the first year these applications were billed, fee has not changed since inception. Fee is graduated and based on tons emitted in the prior calendar year, and ranges from \$170-\$3,350/ton.	Med-sized manufacturers not covered by Title V or Non-Title V	Annual, invoicing takes place April-July	4K20	Y
DAPC	112r:Risk Management Plan (RMP) program, also referred to as the accidental release program	2000	0%	3753.05	\$ 179,000	Qualifying facilities must pay an annual fee based on the amount of toxic substances they have. \$50 registration fee with the following: \$65 for propane if it is the only regulated substance on site; \$65 anhydrous ammonia sold for agricultural use; \$200 for all other substances.	Facilities with toxic substances on-site.	Annually, September 1	5420	N
DDAGW	Operator Certification	2004	Application fee increased by 80%. The exam fees increased by approx. 33%, while renewal fees increased over 100% (from \$15 to \$35-\$65).	6109 & 6111	\$ 370,000	Application fee \$45, Exam fees: Class A fee-\$35, Class I fee-\$60, Class II fee-\$75, Class III fee-\$85, Class IV fee-\$100. Renewal fees Class A = \$25, Class I = \$35, Class II = \$45, Class III = \$55, Class IV = \$65.	Operators of wastewater and drinking water facilities.	Exam application fee due 90 days before exam; Exam fee due before exam; renewal due December 31	4K50	Y
DDAGW	Laboratory Certification	2004	55%	6109	\$ 530,000	Microbiological (MMO-MUG \$2,000, MF \$2,100, MMO-MUG and MF \$2,550) organic chemical \$5,400, inorganic chemical trace metals \$5,400, standard chemistry \$2,800, Limited chemistry \$1,550. One fee was eliminated and replaced by several new ones when fees were last increased.	Laboratories	Upon Application	4K50	Y
DDAGW	Plan Approval	2004	33%	6109.07	\$ 1,000,000	\$150 + .35% of the project cost not to exceed \$20,000. Prior fee capped cost at \$15,000.	Public Water Systems	Upon Application	4K50	Y (Only the max of \$20K)
DDAGW	License to Operate	2004	Varies by fee, between 35-100%	6109.21	\$ 4,400,000	Varies depending on the type of the PWS. Community PWS fees are based on the number of Service Connections. Non Transient Non Community PWS fees are based on the population served. Transient Non Community PWS fees are based on the number of wells. Fee increase in 2004 was greatest at lower end of range of population/wells/connections (100%) and between 33-45% for higher numbers of population/wells/connections.	All public water systems; approx 4,700 statewide	Annually, December 31	4K50	Y
DDAGW	Underground Injection Control (UIC) - Permit Application for Class I and Class V wells	1993	0%	6111.043(G) & 3745-34-16(H)(I)	\$ -	Application fee \$2,000 per well.	Owners/operators of wells who dispose waste in the subsurface.	Upon renewal, which varies with permit expiration date.	4J00	N
DDAGW	UIC - Class I and V injection permit modification	1993	0%	3745-34-23	\$ -	\$500 per application modification.	Owners/operators of wells who dispose waste in the subsurface.	Upon submittal of the modification request	4J00	N
DDAGW	UIC - Class I Annual Permit fees	1993	0%	6111.046 & 3745-34-16(G)(3)(a) & (b)	\$ 282,000	Permit fees - \$12,500 for Non Hazardous waste, \$30,000 for Hazardous waste injected by generator.	Owners/operators of wells who dispose waste in the subsurface.	Annually on anniversary date of permit issuance	4J00	N
DDAGW	UIC - Class I Tonnage fees	1993	0%	6111.047 & 3734.18 & 3745-50-34(B) & 3745-34-16(G)(3)	\$ 50,000	\$1 per ton up to \$25,000 for Non Hazardous waste, \$2 per ton up to \$100,000 for Hazardous waste.	Owners/operators of wells who dispose waste in the subsurface.	Annually on anniversary date of permit issuance	4J00	N

OHIO EPA FEES - March 2011

Division	Fee Description	Fiscal Year Last Changed	Percent Increase 2002-2010	ORC Section	FY10 Annual Revenue	Current Fee Amount/Range & Structure	Payer	Due Date	Fund	Sunset Y/N
DSW	National Pollutant Discharge Elimination System (NPDES) Application	1994	0%	3745.11(S)(1)	\$ 141,005	Application Fee of \$200.	Commercial/Industrial or Public facilities who discharge waste water	Upon Application	4K40	Y
DSW	NPDES Issuance	1994	0%	3745.11(L)(1)	\$ 215,045	A variable fee based on flow rates from each point source contained within an NPDES permit. Fees range from 0 to \$750 per discharge point.	Commercial/Industrial or Public facilities who discharge waste water	Within 15 days of effective date of permit	4K40	N
DSW	NPDES Annual Discharge	2000	0%	3745.11(L)(5)(b) & 3745.11(L)(5)c	\$ 4,491,922	A variable fee based on the total average daily discharge flow from a permitted facility. Fee is charged annually, and it ranges from \$200 to over \$62,000 per facility.	Commercial/Industrial or Public facilities who discharge waste water	Annually, January 31	4K40	Y
DSW	401 (Wetlands) Certification	2005	100%	OAC 3745-45-02	\$ 683,234	Application fee of \$200 plus the greater of \$200 or \$5/linear foot for ephemeral stream, greater of \$200 or \$10/linear foot for intermittent streams, greater of \$200 or \$15/linear foot for perennial streams, \$500/acre of affected wetland, \$3/cubic yard of dredged or fill material moved with respect to lakes. Total cost per application capped at \$25,000, \$5,000 for municipal corporations. Prior fee generated just \$5,000 annually, this fee was changed to support actual program costs.	Commercial/Industrial or Public entities (except State and Army Corps of Engineers), Developers and private citizens who discharge waste water	Half upon application, remainder upon final disposition.	4K40	N
DSW	Tax Certification	2003	Fee structure changed from \$500 flat fee to a % and it is now shared with Taxation	3745.11(P), 5709.212	\$ 10,618	Application fee of 0.5% of the total exempt facility project cost (cap of \$2,000), half of which comes to EPA from Taxation.	Private Industry	Upon Application	4K40	N
DSW	Sludge/Livestock	2000	0%	3745.11(Y)	\$ 684,617	An annual fee based upon amount of sludge disposed of by facility. Fee is \$3.50 per ton of sludge.	Public Facilities	Annually, July 2.	4K40	N
DSW	Stormwater Notice of Intent (NOI)	2001	0%	3745(S)(1)	\$ 855,855	Application fee of \$200 to \$500 for Notice of Intent for industrial, construction or municipal storm sewer systems. Fee depends on type and magnitude of project.	Developers and municipalities	Upon Application	4K40	Y
DSW	Stormwater Municipal Separate Stormwater System (MS4) Annual Discharge Fee	2001	0%	3745.11 (L)(6)	\$ 323,000	Annual Discharge Fee of \$100/sq mile up to \$10,000.	Municipalities and co-permittees	Upon Application	4K40	N
DSW	Permit to Install (PTI) Plan Review	1994	0%	3745.11(L)(2)	\$ 2,598,323	Plan review fee, \$100 plus .65% of project cost, not to exceed \$15,000.	Commercial/Industrial or public entities or developers involved with constructing a water treatment system	Upon Application	4K40	Y
DSW	Isolated Wetlands	2002	0%	3745.113	\$30,000	Application fee of \$200 plus \$500/acre of wetland to be impacted.	Commercial/Industrial or private citizens	Upon Application	5N20	N
DHWM	On/Off Site Disposal	1985	0%	3745 (50)	\$ 2,500,000	Off site fees are either \$4.50 per ton (deep well injection) or \$9 per ton (landfill). Fees for on site are either \$2 per ton (deep well injection) or \$4 per ton (landfill).	Facilities who store, treat or dispose of hazardous wastes	Monthly	5030	N
DHWM	Solid Waste Disposal Fee	1993	0%	3745 (50)	\$ 7,700,000	DHWM portion \$0.50 of \$2.00 per ton - \$1.00 to DSWM and \$0.50 to DERR. Annual revenue shown is only DHWM portion of fee. Projected annual revenue for DHWM for FY10-11 is \$6,750,000 per year.	Landfills	Monthly	5030	N
DHWM	Permit Fees Annual/Application	1985	0%	3745 (50)	\$ 390,000	\$1,500 for new or renewal application; annual fees vary depending upon type of facility and activity.	Facilities who store, treat or dispose of hazardous wastes	Annually, renewal date dependent upon permit expiration date.	5030	N
