and Orders

**PREAMBLE**

It is agreed by the parties hereto as follows

**I. JURISDICTION**

These Director's Final Findings and Orders ("Orders") are issued to The Ohio State University ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

**II. PARTIES BOUND**

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or of the Facility (as hereinafter defined) shall in any way alter Respondent's obligations under these Orders.

**III. DEFINITIONS**

Unless otherwise stated, all terms used in these Orders shall have the same meanings as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

**IV. FINDINGS**

The Director of Ohio EPA has determined the following findings:

1. Respondent is a university with its principal place of business at 1314 Kinnear Road, Columbus, Franklin County, Ohio. Respondent operates coal-fired boilers at its facility located at 2003 Millikin Road, Columbus, Franklin County, Ohio, that are a Title V source, as defined in Ohio Administrative Code ("OAC") Rule 3745-77-01(LL), and is subject to the requirements of ORC Chapter 3704 and OAC Chapter 3745-77.

2. OAC Rule 3745-77-02(A) states, in part, that the owner or operator of a Title V source shall not operate such source after the date that a timely and complete Title V permit application is required.

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

By: [Signature] Date: 12-27-06

3. OAC Rule 3745-77-04(E) requires that a Title V permit renewal application be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.

4. OAC Rule 3745-77-06(A) states, in part, that if the owner or operator of Title V source submits a timely and complete application for permit renewal, the failure to have a Title V permit is not a violation of this Chapter until the Director takes final action on the application.

5. ORC § 3704.05(C) states, in part, that no person who is a holder of a permit issued under ORC § 3704.03(F) or (G) shall violate any of its terms or conditions.

6. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.

7. ORC § 3704.05(J)(2) states, in part, that, no person shall violate any filing requirement of the Title V permit program.

8. ORC § 3704.05(K) states, in part, that no person shall operate a source that is required to obtain a Title V permit unless a Title V permit has been issued authorizing operation of the source or unless a complete and timely application for the issuance, renewal, or modification of a Title V permit for the source has been submitted to the Director.

9. ORC §§ 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than \$25,000 for each day of each violation.

10. On December 19, 2001, Ohio EPA issued a final Title V permit for Respondent's facility (Ohio EPA facility identification number 0125042608). The permit's expiration date of December 19, 2006, was given in the Final Issuance cover page of the permit, and the cover page included a statement that Title V permit renewal applications are to be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.

11. Respondent failed to submit an application to renew its Title V permit to Ohio EPA six months prior to the permit expiration date of December 19, 2006 (i.e., by 06/22/06), in violation of OAC Rule 3745-77-04(E) and ORC § 3704.05(G) and (J)(2).

12. Respondent submitted a complete Title V permit renewal application to Ohio EPA on August 1, 2006, 40 days after the filing deadline.

13. On September 7, 2006, Ohio EPA issued a NOV to Respondent, citing it with a violation of OAC Rule 3745-77-04(E), for failing to submit a timely and complete application for renewal of its Title V permit.

14. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.
