and Orders

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

**PREAMBLE**

It is agreed by the parties hereto as follows:

By: *Donna Jackson* Date: 3-28-08

**I. JURISDICTION**

These Director's Final Findings and Orders ("Orders") are issued to the Crawford County Landfill ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

**II. PARTIES BOUND**

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or of the Facility (as hereinafter defined) shall in any way alter Respondent's obligations under these Orders.

**III. DEFINITIONS**

Unless otherwise stated, all terms used in these Orders shall have the same meanings as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

**IV. FINDINGS**

The Director of Ohio EPA has determined the following findings:

1. Respondent is a municipal landfill with its principal place of business at 5128 Lincoln Highway East in Bucyrus. Respondent operates emissions units at its facility that are a Title V source, as defined in Ohio Administrative Code ("OAC") Rule 3745-77-01(LL), and is subject to the requirements of ORC Chapter 3704 and OAC Chapter 3745-77.
2. OAC Rule 3745-77-04(E) requires that a Title V permit renewal application shall be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.

3. ORC § 3704.05(C) states, in part, that no person who is a holder of a permit issued under ORC § 3704.03(F) or (G) shall violate any of its terms or conditions.
4. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.
5. ORC § 3704.05(J)(2) states, in part, that, no person shall violate any filing requirement of the Title V permit program.
6. ORC § 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than \$25,000 for each day of each violation.
7. On May 29, 2002, Ohio EPA issued a final Title V permit for Respondent's facility (Ohio EPA facility identification number 0317010039). The permit's expiration date of May 29, 2007, was given in the Final Issuance cover page of the permit, as well as a statement that Title V permit renewal applications are to be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.
8. Respondent failed to submit an application to renew its Title V permit to Ohio EPA six months prior to the permit expiration date of May 29, 2007 (i.e., by 11/30/06), in violation of OAC Rule 3745-77-04(E) and ORC § 3704.05(G) and (J)(2).
9. Respondent submitted a complete Title V permit renewal application to Ohio EPA on April 10, 2007, 131 days after the application was required to be filed pursuant to OAC Rule 3745-77-04(E).
10. On October 23, 2007, Ohio EPA issued a NOV to Respondent, citing it with a violation of OAC Rule 3745-77-04(E), for failing to submit a timely and complete application for renewal of its Title V permit.
11. ORC §3704.05(K) states, in part, that no person shall operate a source that is required to obtain a Title V permit unless a Title V permit has been issued authorizing operation of the source or unless a complete and timely application for the issuance, renewal, or modification of a Title V permit for the source has been submitted to the Director.
12. OAC Rule 3745-77-02(A) states that except for some exceptions that do not apply to Respondent in this matter, the owner or operator of a Title V source shall not operate the source after the date that a timely and complete application is required to be submitted, except in compliance with the Title V permit.
13. OAC Rule 3745-77-06(A) provides that the failure to have a Title V permit for a Title V source is not a violation, but only if a timely and complete initial or renewal application has been filed in accordance with, among other requirements, OAC Rule 3745-77-04(E).

14. In violation of ORC § 3704.05(K) and OAC Rule 3745-77-07(A), Respondent continued to operate its Title V source after the May 29, 2007 expiration date without a new or renewal Title V permit, and without having filed a timely and complete renewal application in accordance with OAC Rule 3745-77-04(E).

15. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.
