PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Henning Construction Company, New Day Farms, LLC, and Reichert Excavating Incorporated ("Respondents"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES

These Orders shall apply to and be binding upon Respondents and successors in interest liable under Ohio law. No change in ownership of Respondents or of the Facility (as hereinafter defined) shall in any way alter Respondents' obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meanings as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

IV. FINDINGS

The Director of the Ohio EPA has determined the following findings:

1. Respondents were the "owner/operators" of the facilities being demolished at New Day Farms located at 27322 State Route 739 in Raymond, Ohio as that term (owners/operators) is defined in the Ohio Administrative Code ("OAC") Rule 3745-20-01(B).
2. Respondent New Day Farms is the owner of several poultry barns at its Raymond, Ohio facility. Respondent Henning Construction company was hired by New Day Farms to be the general contractor for the demolition of several poultry barns at the Raymond, Ohio facility.
3. Respondent Reichert Excavating Incorporated was hired by Henning Construction Company to be the demolition contractor for several poultry barns at the New Day Farms Raymond, Ohio facility.
4. On June 12, 2008, Ohio EPA Central District Office ("CDO") received an anonymous complaint that demolition of the poultry barns was occurring at New Day Farms. The complainant was concerned that the poultry barns contained asbestos.
5. ORC Chapter 3704.05(G) states, in part, that no person shall violate any rule issued by the Director of Ohio EPA.
6. On June 12, 2008, a CDO inspector visited New Day Farms and inspected the demolition project. When the CDO inspector arrived on site, two barns had already been demolished and removed from the site. Two additional barns were in the process of being demolished. Samples collected from a hard transite material present in each of the barns indicated the presence of asbestos above the regulated level.
7. During the inspection, CDO discovered multiple violations of OAC Chapter 3745-20. Specifically, Respondents' actions at the demolition sites violated:
 - OAC Rule 3745-20-02(A) by failing to conduct a thorough inspection for asbestos prior to beginning the demolition.
 - OAC Rule 3745-20-03(A) by failing to provide notification of demolition or renovation at least ten working days before the beginning of any demolition operation.

- OAC Rule 3745-20-04(A)(1) by failing to remove all regulated asbestos-containing materials ("ACM") prior to conducting demolition activities.
- OAC Rule 3745-20-03(B)(1) by not having an authorized person trained in the provisions of OAC Rule 3745-20-04(B) on site during demolition.
- OAC Rule 3745-20-05(B)(1) by failing to control visible emissions during the demolition.
- OAC Rule 3745-20-04(A)(6)(a) by failing to adequately wet ACM during demolition.
- OAC Rule 3745-20-04(C)92) by failing to ensure that all regulated ACM which has been damaged or made friable by demolition are repaired, encapsulated, or removed in accordance with OAC Rule 3745-20-05.

8. After CDO visited the facility, the demolition project was halted and Central Insulation Services was hired to complete the asbestos abatement. The asbestos abatement was completed on August 15, 2008.

9. On July 7, November 21, and December 4, 2008, notice of violation ("NOV") letters were sent to Respondents for violations of OAC Chapter 3745-20.

10. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their benefits to the people of the State to be derived from such compliance.

V. ORDERS
