

3745-105-05 **Recordkeeping.**

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see the last paragraph of rule 3745-105-01 of the Administrative Code titled "Reference to materials."]

- (A) Pursuant to 40 CFR Parts 60.7 and 60.13(h), the owner or operator of each incinerator with a capacity greater than one thousand pounds per hour with continuous emission monitors shall submit reports on a quarterly basis to the appropriate Ohio EPA district office or local air agency documenting all instances of values in excess of the limitations specified in rule 3745-105-02 of the Administrative Code. These quarterly excess emission reports shall be submitted by February first, May first, August first, and November first of each year and shall cover the data obtained during the previous calendar quarters.
- (B) The owner or operator of each incinerator with a capacity less than or equal to one thousand pounds per hour shall submit reports on a quarterly basis to the appropriate Ohio EPA district office or local air agency documenting all instances of values in excess of the limitations specified in rule 3745-105-02 of the Administrative Code. These quarterly reports shall be submitted by February first, May first, August first, and November first of each year and shall cover the data obtained during the previous calendar quarters.
- (C) The reports required under paragraph (A) or (B) of this rule shall include every instance of activation of the radioactivity alarm; the reason for the alarm, and corrective action taken.
- (D) All recording charts and charging records shall be maintained for a period of five years and be available for inspection by the Ohio EPA or its authorized representatives at any reasonable time.
- (E) In addition to the requirements of paragraph (C) of this rule, the owner or operator shall immediately report any instance of radioactivity alarm activation to the environmental radiation safety section of the bureau of radiation protection of the Ohio department of health.
