

## **RULE SYNOPSIS**

Ohio Administrative Code (OAC) Rules 3745-14-01 and 3745-14-03  
SERC/EMA Administrative Rules  
Discussion of Amendments for 5-Year Rule Review

Ohio EPA filed all of the rules in Ohio Administrative Code (OAC) Chapter 3745-14, with the Joint committee on Agency Rule Review (JCARR) as No-Change rules on November 17, 2014. As part of their rule review process, JCARR noted what they considered to be “Prong” issues that they requested Ohio EPA amend and resubmit as amended rules. Based on this request, Ohio EPA made changes to rules in this chapter as follows:

### OAC Rule 3745-14-01, “GENERAL PROVISIONS”

- Paragraph (G)(1)(b): The website linked in the paragraph no longer worked. Ohio EPA updated the link.
- Paragraph (G)(1)(c): The website linked in the paragraph no longer worked. Ohio EPA updated the link.
- Paragraph (G)(1)(e): The zip code in the contact information had a typo. Ohio EPA updated the zip to the correct version: “1942~~8~~-2959.”

In addition to these items, Ohio EPA took the opportunity to update the language regarding the referenced materials to more accurately reflect agency standards.

### OAC Rule 3745-14-03, “THE NO<sub>x</sub> BUDGET PERMIT”

This rule contained references to OAC Ch. 3745-35 which was rescinded on June 30, 2008. DAPC added language to clarify that new application, if any, will be submitted under OAC Ch. 3745-31 and that applications submitted prior to June 30, 2008 were submitted under OAC Ch. 3745-35.
