

3745-24-02      **Applicability.**

- (A) Except as provided in paragraph (B) of this rule, the requirements of this chapter shall apply to any facility that emits twenty-five tons or more of NO<sub>x</sub> and/or twenty-five tons or more of VOC during the calendar year and is located in a county designated as nonattainment for the National Ambient Air Quality Standards for ozone. (In determining whether or not a facility emits twenty-five tons or more of NO<sub>x</sub> or twenty-five tons or more of VOC, any source that is exempt under paragraph (C) of rule 3745-24-04 of the Administrative Code shall not be included in the emission estimate.)
  
- (B) Any facility that is located in a county described in paragraph (A) of this rule shall be exempt from the requirements of this Chapter beginning January 1 of the year following the U.S. Environmental Protection Agency redesignation of the county to attainment with the National Ambient Air Quality Standard for Ozone.
  
- (C) Any facility meeting the criteria in paragraph (A) of this rule that is permanently shut down shall file a final emission statement in accordance with rule 3745-24-03 and 3745-24-04 of the Administrative Code.
