**Draft 5-Year Rule Review for OAC Chapter 3745-25**

Notice is hereby given that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) has prepared draft rule language for changes for the 5-year review of OAC chapter 3745-25 as required by Ohio Revised Code (ORC) 119.032.

Various minor fixes to correct typos and update formatting to comply with Legislative Services commission (LSC) conventions were made along with necessary updates to reflect newly enacted national ambient air quality standards (NAAQS).

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. DAPC is offering your organization the opportunity to comment on these rules before the division formally proposes them.

These rules, the draft BIA form, and supporting documents are available electronically for review at <http://epa.ohio.gov/dapc/DAPCrules.aspx>. We request that you provide us with any comments you may have to the changes that have been recommended by **Friday, August 22, 2014**.
