-------------------------	-----------------------	----------------	--	--------------------	--

History of use:	The property had previously been used as an industrial facility that milled copper and brass materials by Chase Brass and Copper from 1941 through 1987. Operations at the facility included casting, milling, rolling, grinding, pickling, and annealing of brass and copper. In 1990, Great Lakes Metal Corporation purchased the property for scrap metal.		
Chemicals of Concern:	VOCs, SVOCs, PAHS, metals, and PCBs	Applicable Standards:	For commercial/industrial land uses and restricted ground water uses.
Urban Setting Designation?	N/A	Institutional Control(s)/Environmental Covenant:	An Environmental Covenant restricts the property to commercial/industrial land uses and prohibits the extraction of groundwater.
Remedial Activities:	Impacted soil and concrete were excavated and disposed of off-site, and the sumps on the property were emptied of their content.	Engineering Control(s):	N/A
Operation and Maintenance Agreement?	N/A	Risk Mitigation Plan?	N/A
Proposed Land Use:	The property is still owned by Fogg-Euclid LLC and is occupied by various tenants.
