-------------------------	-----------------------	----------------	--	--------------------	---

History of use:	The property had previously been used as an industrial manufacturing facility for the automotive industry. The property was first developed in 1918 and had numerous industrial uses, including military use (airplanes and under-seas weapons). While the facility is still in use, the heavy manufacturing of the past has been disgarded.		
Chemicals of Concern:	VOCs, SVOCs, PAHs, TPH, PCBs, metals, cyanides, and pesticides/herbicides	Applicable Standards:	For commercial/industrial land use with a restriction on the use of ground water.
Urban Setting Designation?	N/A	Institutional Control(s)/Environmental Covenant:	An Environmental Covenant restricts the property to industrial or commercial use and prohibits the usage of ground water.
Remedial Activities:	Contaminated soils were removed and disposed of off-site.	Engineering Control(s):	Implementation of a Risk Mitigation Plan.
Operation and Maintenance Agreement?	N/A	Risk Mitigation Plan?	Yes
Proposed Land Use:	Industrial manufacturing facility.
