-------------------------	--	----------------	--	--------------------	--

History of use:	The property had been used for commercial/industrial uses since the construction of the first building by The Container Company in 1930s. The property was then bought by the Continental Can Company in the 1940s and piper/fiber drums and produced plastic covers for the drums were made using injection molding. When Continental Forest Industry bought the property in 1976, they essentially performed the same operations.		
Chemicals of Concern:	VOCs, SVOCs, PAHS, RCRA 8 metals, TPH, PCBS	Applicable Standards:	For commercial or industrial land use and restricted ground water use.
Urban Setting Designation?	N/A	Institutional Control(s)/Environmental Covenant:	An Environmental Covenant limits the property to restricted commercial or industrial land use and prohibits against the use of potable ground water.
Remedial Activities:	Contaminated soil was removed and replaced with clean soil. Two sub-slab vapor withdrawal systems were also installed on the property.	Engineering Control(s):	Maintenance of the installed vapor withdrawal systems and the implementation of an Operations and Maintenance Plan.
Operation and Maintenance Agreement?	Yes	Risk Mitigation Plan?	Yes
Proposed Land Use:	Grief Bros. Corporation manufactures packs, and ships fiber drums.
