Director's Final
Findings and Orders

Respondent

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Pentair Pump Group, Inc. (Respondent) pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 3734.13 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3734. and the rules promulgated thereunder.

I certify this to be a true and accurate copy of the
official document as filed in the records of the Ohio
Environmental Protection Agency

Dmytro Jacks 10-2-06

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent operates a business located at 740 East 9th Street, Cleveland, Cuyahoga County, Ohio (Facility).
2. Respondent is a "person" as defined in ORC § 3734.01(G) and OAC rule 3745-50-10(A).
3. At the Facility, Respondent generates "hazardous waste" as that term is defined by ORC § 3734.01(J) and OAC rules 3745-50-10(A) and 3745-51-03. Respondent is identified as a small quantity generator of hazardous waste.
4. Respondent notified Ohio EPA of its hazardous waste activities and was issued generator identification number OHT400014221.
5. On March 24, 2004, Respondent transported or caused to be transported one container of waste to Vexor Technology, Inc. located at 955 West Smith Road, Medina, Ohio (Vexor). Vexor does not hold a hazardous waste facility installation and operation permit issued in accordance with ORC Chapter 3734. The container of waste was transported as non-hazardous waste and was accompanied by non-hazardous shipping papers.
6. Once received by Vexor, Vexor analyzed the container of waste for the hazardous waste characteristics of flashpoint and corrosivity only. Based upon Vexor's analysis, the waste was found to exhibit the hazardous waste characteristic of ignitability (D001).
7. Vexor contacted Respondent and informed Respondent of the analytical results referenced in Finding No. 6 of these Orders. In response, Respondent informed Vexor that the container of hazardous waste was also characteristic for lead (D008), methyl ethyl ketone (D035), as well as a listed hazardous waste (F002, F003, F005).
8. On March 24, 2004, Vexor shipped the container of hazardous waste to Hukill Chemical Company, a facility operating under a hazardous waste facility installation and operation permit.

9. Because Respondent transported or caused to be transported the container of hazardous waste to Vexor, a facility not operating under a hazardous waste facility installation and operation permit issued in accordance with ORC Chapter 3734., the Director has determined that Respondent violated ORC § 3734.02(F).
10. Because the container of hazardous waste was transported from Vexor to Hukill Chemical Company, the Director has determined that no further action is required of Respondent to abate the violation of ORC § 3734.02(F) referenced in Finding No. 9 of these Orders.

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated thereunder according to the following compliance schedule:

1. Within 30 days after the effective date of these Orders, Respondent shall pay Ohio EPA the amount of \$4,400.00 in settlement of Ohio EPA's claims for civil penalties, which may be assessed pursuant to ORC Chapter 3734. and which will be deposited into the hazardous waste cleanup fund established pursuant to ORC § 3734.28. Payment shall be made by an official check made payable to "Treasurer, State of Ohio" for \$4,400.00. The official check shall be submitted to Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent and the Facility. A copy of this check shall be submitted in accordance with Section X. of these Orders.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate upon Ohio EPA's receipt of the official check required by Section V. of these Orders.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent's Facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.
