Summary of the Licensing Requirements of OAC Chapter 3745-520 "Regulation of New Construction and Demolition Debris Facilities"

Does OAC Chapter 3745-520 "Regulation of New Construction and Demolition Debris Facilities" apply to me?

- OAC Chapter 3745-520 DOES NOT APPLY to an existing C&DD facility that will be filled up and closed without expanding the existing facility boundary or existing disposal limits.
OAC Chapter 3745-520 DOES APPLY to an owner or operator of a "new C&DD facility"; the statutory term "new C&DD facility" includes a proposed C&DD facility that has never existed before and an existing C&DD facility where the owner or operator wants to expand the facility.

When do the OAC Chapter 3745-520 license application rules and the new multi-program OAC Licensing Chapter 3745-501 apply to the licensing of a new C&DD facility?

OAC Chapter 3745-520 license application rules and multi-program licensing Chapter 3745-501 apply to a new C&DD facility upon issuance of a new facility C&DD permit. The requirements for a new facility C&DD license application are found in OAC rule 3745-520-400.

Where are the licensing related requirements for new a C&DD facility found?

Start with the applicability rule 3745-520-01 to determine what licensing requirements apply to a new C&DD facility. OAC rule 3745-520-03(E) requires the owner or operator of a new C&DD facility to obtain a license in accordance with multi-program licensing Chapter 3745-501. OAC rule 3745-501-10(A)(3) requires that a license application meet the new C&DD facility license application requirements of OAC rule 3745-520-400. Modification of a new C&DD facility license is addressed in OAC rule 3745-520-03(F).

Table with 2 columns: License requirement and description. Rows include OAC 3745-520-03(E), OAC 3745-520-03(F), OAC 3745-501-10(A)(3), OAC 3745-520-400, and OAC 3745-520-410.

Where are the license application requirements for new a C&DD facility found?

Begin with OAC rule 3745-520-400 to determine new C&DD facility license requirements and applicant procedures. Among the requirements in OAC rule 3745-520-400, the owner or operator of a new C&DD facility may request authorization to dispose of asbestos-containing waste material or recirculate leachate through the license application.

This fact sheet is offered for informational purposes only. It is not intended and is not to be construed to be used for the purpose of meeting any requirement for notice contained in ORC 119 or any other state or federal law or rule.

Since a new C&DD facility has a permit addressing siting and design, the license application for a new C&DD facility is different than the license application required under OAC rule 3745-37-02(E).

*New C&DD facility license application*

OAC 3745-520-400 License - application requirements and applicant procedures

*Elements of a new C&DD facility license application*

- ✓ Application cover sheet of general information
- ✓ Request for authorization to dispose of asbestos-containing waste materials
- ✓ Request for authorization to conduct leachate recirculation
- ✓ Financial assurance documentation
- ✓ Compliance disclosure update
- ✓ General plan of facility operations (GPFO)

OAC 3745-520-402 License application - general plan of facility operations

*Elements of a new C&DD facility general plan of facility operations (GPFO)*

- ✓ OAC 3745-520-420 The phasing plan
- ✓ OAC 3745-520-440 The material acceptance and handling plan
- ✓ OAC 3745-520-460 Leachate sampling and analysis plan
- ✓ OAC 3745-520-470 Fire and explosion contingency plan
- ✓ OAC 3745-520-480 Hydrogen sulfide and other gases contingency plan
- ✓ OAC 3745-520-402(F) A contingency plan for the storage, treatment, and disposal of leachate
- ✓ OAC 3745-520-402(G) A contingency plan for equipment failure

OAC 3745-520-410 Modification of a license

**Where are the criteria for issuing or denying facility licenses for a new C&DD facility found?**

License applications for new C&DD facilities are required to be reviewed in accordance with the multi-program licensing Chapter 3745-501. OAC rule 3745-501-15 specifies the criteria for issuing or denying a new C&DD facility license. OAC rule 3745-501-20 contains the procedures required of the licensing authority in reviewing and considering license applications. OAC rule 3745-501-25 specifies the criteria for authorizing leachate recirculation and asbestos-containing waste material disposal at a C&DD facility. OAC rule 3745-501-30 specifies the criteria for modifying a C&DD facility license.

Additionally, the multi-program licensing Chapter 3745-501 addresses other licensing actions and procedures such as the transfer of licenses and the suspension or revocation of a license.
