

**Re: Interested Party Review – Labeling of Plastic Bottles and Containers Rule**

Dear Interested Parties:

The Division of Materials and Waste Management is in the process of conducting a review of the regulations for the labeling of plastic bottles and containers. This review is being conducted to satisfy requirements mandated by Ohio Revised Code (ORC) Section 119.032 which requires all state agencies to review each of their rules every five years to determine whether or not to continue the rules without change, amend the rules, or rescind the rules. DMWM has reviewed the current effective rule and has made the preliminary determination that the following rule should be rescinded:

<b><u>Rule #</u></b>	<b><u>Title:</u></b>
3745-27-91	Labeling of plastic bottles and containers.

DMWM welcomes interested party comment on this rule and the preliminary determination to rescind this rule.
