1998 Ohio Solid Waste Facility Data Report Order Form

The 1998 Ohio Solid Waste Facility Data Report (containing data fl-cm calendar year 1997) is now available. Because of the cost of producing a publication of this length, Ohio EPA must charge a fee of \$7.30 for each copy (or \$4.65 when picked up at Lazarus Government Center, 122 South Front Street, Columbus, Ohio 43215).

This report is based upon information submitted to Ohio EPA by operators of solid waste landfills, incinerators, resource recovery facilities, and transfer stations. Limited information has also been used from annual reports submitted by local solid waste management districts in Ohio. Tables in the report include:

- amounts of waste received by each licensed facility;
- amounts of out-of-state waste disposed in Ohio;
- remaining landfill capacity; and
- types of waste received at landfills.

This report also includes a table which shows the solid waste flows from each solid waste management district to landfills and incinerators receiving the waste. Questions concerning this report or ordering information should be directed to George Kaiser, Solid Waste Planning Section, at (614) 728-5354.
