Mr. Allen Rogers
SWACO
6220 Young Road
Grove City, Ohio 43123

**RE: Franklin County Sanitary Landfill, Franklin County
Ohio Administrative Code (OAC) 3745-27-10(E)(7)(b) Authorization**

Dear Mr. Rogers:

By letters dated December 10, 2002, and March 24, 2003, the Ohio Environmental Protection Agency (Ohio EPA), Central District Office (CDO) received an authorization request, pursuant to OAC Rule 3745-27-10(D)(7)(c), to continue ground water detection monitoring for the following parameters and wells at the Franklin County Sanitary Landfill:

- DBCP in MW-9a
- EDB in MW-2a, MW-9a, MW-9, MW-11m, MW-7, MW-8, MW-6D, and MW-7b
- Chloride in MW-4a
- Ammonia in MW-10r

Since the time limits in accordance with OAC Rule 3745-27-10(D)(7)(c) were exceeded, Ohio EPA reviewed this request pursuant to OAC Rule 3745-27-10(E)(7)(b). In accordance with OAC Rule 3745-27-10(E)(7)(b), the owner or operator may demonstrate that a statistically significant change in ground water monitoring parameter(s) was not a result of impact from the landfill. Upon such a determination by the Director, the Director may reinstate the ground water detection monitoring program for the affected well(s).

Based upon review of the December 10, 2002, and March 24, 2003, submittals, the results demonstrate that elevated concentrations of DBCP, EDB, chloride, and ammonia in the above mentioned wells were not a result of impact from the landfill. Therefore, pursuant to OAC Rule 3745-27-10(E)(7)(b), Ohio EPA approves the demonstration for DBCP, EDB, chloride and ammonia and the owner/operator of the Franklin County Sanitary Landfill may reinstate ground water detection monitoring for the above referenced parameters in the specific monitoring wells.

Should future or existing ground water sampling results indicate statistically significant changes in the ground water quality for this or other detection monitoring locations, the owner/operator will be required to enter into assessment monitoring in accordance with OAC Rule 3745-27-10(E), or obtain

Bob Taft, Governor
Jennette Bradley, Lieutenant Governor
Christopher Jones, Director

approval pursuant to OAC Rule 3745-27-10(D)(7)(c) to remain in detection monitoring.

You are hereby notified that this action of the Director of Environmental Protection is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Commission within thirty (30) days after notice of the director's action. A copy of the appeal must be served on the director within three (3) days of filing with the Commission. An appeal may be filed with the Commission at the following address:

Environmental Review Appeals Commission
309 South Fourth Street
Room 222
Columbus, Ohio 43215

If you have any questions concerning this letter, please contact Laura Parkinson of Ohio EPA, Central District Office at (614) 728-3889.

Sincerely,

Christopher Jones
Director
