Dear Mr. Mullet:

On July 2, 1998, the Ohio Environmental Protection Agency (Ohio EPA) received a document titled "*Explosive Gas Monitoring System Design and Explosive Gas Monitoring, Sampling, and Reporting Procedures for the Mt. Eaton Landfill, Mt. Eaton, Ohio*". Revisions were received on May 12, 2003. The document was prepared by Metcalf and Eddy, Inc., on behalf of the owner/operator of the Mt. Eaton Landfill. The Mt. Eaton Landfill is an active and licensed municipal solid waste landfill located at 8544 Southwest Lebanon Road, Mt. Eaton, Ohio, Wayne County. The landfill is operated by Norton Environmental. The explosive gas monitoring plan was prepared in accordance with Ohio Administrative Code (OAC) Rule 3745-27-12, as effective June 1, 1994.

The explosive gas monitoring plan for the Mt. Eaton Landfill, including revisions through May 2003, is hereby approved subject to the following conditions:

1. The explosive gas monitoring plan shall be implemented at the Mt. Eaton Landfill, in accordance with the plan titled "*Explosive Gas Monitoring System Design and Explosive Gas Monitoring, Sampling, and Reporting Procedures for the Mt. Eaton Landfill, Mt. Eaton, Ohio*" and revised May 12, 2003. All activities shall be conducted in strict accordance with the plans, specifications, and information submitted as part of this plan. There may be no deviation from the approved plan without the written approval of Ohio EPA.
2. Issuance of this explosive gas monitoring plan approval does not constitute expressed or implied agreement that the monitoring of the facility performed and implemented in accordance with the approved explosive gas monitoring plan and/or its terms and conditions will constitute compliance with applicable federal and state laws, rules, and regulations, nor does issuance of this plan approval assure that necessary operating permits or licenses will be granted.

Jennette Bradley, Lieutenant Governor
Christopher Jones, Director

3. Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state solid waste laws or regulations. Furthermore, this authorization shall not be interpreted to release you or others from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, the Toxic Substances Control Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants from the facility to the environment.
