**Re: Amberley Village Landfill, Hamilton County
Ohio Administrative Code (OAC) Rule 3745-27-13 Authorization**

Dear Mr. Boraten:

On March 14, 2006, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Southwest District Office (SWDO) received a request titled OAC 3745-27-13 Application for Leaf and Wood Debris Removal, North Site Compost Facility, 8601 Ridge Road, Amberley Village, Ohio, December 2004, Revised December 2005, Printed March 9, 2006 from H.C. Nutting Company, on behalf of Amberley Village (Village), pursuant to OAC Rule 3745-27-13, to engage in filling, grading, excavating, building, drilling, or mining activities at the closed Amberley Village Landfill (Facility) located in Hamilton County.

OAC Rule 3745-27-13 requires authorization from the Director of Ohio EPA (Director) before engaging in filling, grading, excavating, building, drilling, or mining on land where a solid waste facility was operated. Specifically, the Village requested to excavate and remove all solid waste debris from the known limits of waste placement of the closed landfill.

Based upon a review of the request and subsequent revisions, I have determined, pursuant to OAC Rule 3745-27-13, that the proposed activities will not result in a violation of applicable laws or regulations, will not create a nuisance, and are unlikely to adversely affect the public safety or health or the environment. Therefore, the Village is hereby authorized to perform the activities outlined in this letter in accordance with the submitted plans, specifications, and information.

As part of this authorization, the Village is subject to the following conditions:

Bob Taft, Governor
Jennette Bradley, Lieutenant Governor
Joseph P. Koncelik, Director

All activities must be conducted in strict accordance with the plans, specifications, and information submitted as part of this request. There may be no deviation from the approved plans without prior written authorization from Ohio EPA. Any future activities at the Facility may require additional Ohio EPA approval.
