**RE: Suburban North RDF, Licking County
Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Mr. Fello:

On October 30, 2006, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Central District Office (CDO), received a document titled "Ground Water Quality Statistical Analysis Program (Revision 2)", for the Suburban Recycling and Disposal Facility (RDF), North, located in Licking County. This document was submitted by Allan Razem of Eagon & Associates, Inc., on behalf of Waste Management of Ohio. It contains the ground water statistical program and revisions.

According to the document some statistical exceedances are proposed for inclusion as background data by Suburban RDF, North. Pursuant to Ohio Administrative Code 3745-27-10(C)(7)(g) background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable to the director.

Ohio EPA, Division of Drinking and Ground Waters (DDAGW) has reviewed the proposal and concurs that this data can be added to the background database. All the proposed data except for chloride from well MW02A are within or less than the concentration range of corresponding upgradient wells. Chloride in MW02A has previously been determined not to be a release from the landfill. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), Waste Management of Ohio is authorized to add those statistical exceedances identified in the statistical plan to the background database for Suburban RDF, North.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
