**Re: Evergreen Recycling and Disposal Facility, Wood County
Groundwater Statistical Monitoring Plan Revision
Approval of Addition of Background Data**

Dear Mr. Lonneman:

On December 13, 2007, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Northwest District Office (NWDO) received a document titled "*Statistical Analysis Program for Ground-Water Quality Monitoring, Evergreen Recycling and Disposal Facility, Wood County, Ohio,*" (Stat Plan) dated December 2007. This document was prepared by Eagon & Associates, Inc., on behalf of Waste Management Inc., and contains ground water statistical program revisions.

In the revised Stat Plan, Waste Management requests to update the background database for chloride at monitoring wells MW-14, MW-18UT, MW-19UT, MW-20UT, and MW-22UT. There are statistically significant increases over the current background levels in some of the data proposed for inclusion.

Pursuant to Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g), background data can only be added in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable by the director.

Ohio EPA has reviewed the information provided and concurs that this data can be added to the background database. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner or operator is hereby authorized to update the background database for chloride at monitoring wells MW-14, MW-18UT, MW-19UT, MW-20UT, and MW-22UT as requested in the revised Stat Plan.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full

amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
