Ohio EPA Files Reference Correction Rule Package

The Division of Solid and Infectious Waste Management (DSIWM) has conducted a review of the rules that include references to Chapter 3745-31. All of the rules that contain the references to this rule have been changed to now state the reference as rule 3745-27-02, which became effective **October 17, 2003**. Other small changes will be made to these rules, but will only include Legislative Service Commission (LSC) formatting changes, references that are inconsistent with other statutory or rule requirements, grammar and typographical errors, and rules by reference which is a requirement established by SB 265.

At the same time four of the rules in this package, 3745-27-21, 3745-27-22, 3745-27-23, and 3745-27-24, were reviewed to satisfy requirements mandated by Ohio Revised Code (ORC) Section 119.032 which requires all state agencies to review each of their rules every five years to determine whether or not to continue the rules without change, amend the rules, or rescind the rules.
