NPDES Unanticipated Emergency Overflow Report – Electronic Report Overview

The STREAMS service provides the capability to electronically submit the NPDES Unanticipated Emergency Overflow Report. This report can be accessed via your personal dashboard (i.e., the opening screen in STREAMS which displays your permit list, application list, and reports list). NPDES Unanticipated Emergency Overflow Reports that are created will be listed on the Report List where additional actions may be performed on them (ex. downloading report PDF, edit, delete, and delegate).

Working within your secure eBusiness Center account, the ease of use of the new innovative smart forms, one-click submittals without having to mail paper forms to the agency, and the ability to make fee payments online make the STREAMS service the go-to destination to submit your NPDES Unanticipated Emergency Overflow Report – as well as applications for nearly 20 other permit types and dozens of additional reports (ex. annual sewage sludge, priority pollutant report, annual reports, etc.)

Detailed steps on how to fully complete the NPDES Unanticipated Emergency Overflow Report has been graphically displayed below.

Technical Support

For permit specific questions, contact the particular permit section at Ohio EPA or your Ohio EPA permit writer assigned to the particular permit. For technical assistance with STREAMS or any of the Division of Surface Water's Electronic Business Services, don't hesitate to contact the system administrator. The administrator urges each account holder to develop a positive working relationship with DSW to remain current on relevant topics, obtain value-added tips, streamline efforts, and to always have a go-to contact when you need one.

The preferred method of communication is through email as the administrator can email you personalized click-by-click instructions. If you leave a voice mail or send an email, you will receive expert advice from the administrator -- nearly 95% of technical assistance requests are handled within minutes, but can take up to 24 hours if the administrator is out of the office or away from the desk.
