Director's Final Findings
and Orders

PREAMBLE

It is agreed by the Parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to the City of Norton ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in the composition of Respondent shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapters, 6111 and 3745, and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. The Nash Heights area is within the corporate boundaries of the City of Norton, Summit County, Ohio wherein centralized wastewater facilities are unavailable. For purposes of these Orders, the Nash Heights area consists of those areas

depicted in Attachment A. Attachment A is incorporated by reference as if fully rewritten herein.

2. Homes within the Nash Heights area are served by individual home sewage disposal systems, many of which are failing to adequately treat sewage from these homes.
3. In the summer of 2012, the Summit County Health Department (SCHD) sampled surface waters in the Nash Heights neighborhood. Their sampling results showed elevated levels of fecal coliform ranging from 20 to greater than 240,000 fecal colonies per 100 ml.
4. On April 11, 2013, the Board of Health of the Summit County Combined General Health District passed resolution number 116-13 which declared a Public Health Nuisance in the City of Norton; Nash Heights Neighborhood.
5. The Director of Ohio EPA received a letter dated April 26, 2013 from Summit County Public Health requesting assistance in alleviating a public health nuisance due to poorly operating and antiquated sewage treatment systems.
6. On June 19, 2013, Ohio EPA conducted sampling from the same sites. Ohio EPA sampling showed elevated levels of *E.coli* ranging from 3,600 to 2,400,000 *E.coli*/100 ml.
7. The sampling data and subsequent investigation by Ohio EPA confirmed the existence of unsanitary conditions and documented violations of Ohio's general water quality criteria.
8. In general, the residential lots within the Nash Heights area exhibit characteristics unsuitable for or detrimental to, new or upgraded on-lot individual sewage disposal systems due to their respective size and soil conditions. Accordingly, the replacement or repair of existing on-site sewage disposal systems is an unacceptable solution to remedy the unsanitary conditions.
9. Compliance with ORC Chapter 6111 is not contingent upon the availability or receipt of financial assistance.
10. The following Orders do not constitute authorization or approval of the construction of any physical structure or facilities, or the modification of any existing treatment works or sewer system. Any such construction or modification is subject to the permit to install and plan approval requirements of ORC §§ 6111.44 and 6111.45 and OAC Rule 3745-42.

Official documents filed in the records of the Ohio Environmental Protection Agency

11. The Director has given consideration to the factors set forth in ORC Sections 6111.03 and 6111.60, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

V. ORDERS

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio

EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of the Respondent. For purposes of these Orders, a responsible official is as defined in OAC Rule 3745-33-03.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to activities occurring in the affected area.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents required to be submitted by Respondent pursuant to these Orders shall be addressed to:

or to such persons and addresses as may hereafter be otherwise specified in writing by Ohio EPA.

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XII of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.

XIII. EFFECTIVE DATE

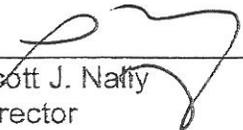

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.

XIV. SIGNATORY AUTHORITY

Each undersigned representative of a party to these Orders certifies that he or she is fully authorized to enter into these Orders and to legally bind such party to these Orders.
