Water Quality Management Plan

1993

Designated Management Agencies

ATTACHMENT D  
WATER QUALITY MANAGEMENT PLAN  
1993  
DESIGNATED MANAGEMENT AGENCIES

Federal regulations [40 CFR, Part 35.925-2 (July 1, 1991)] make designation of local management agencies within the Water Quality Management Plan necessary to continue qualification for participation in programs under the Clean Water Act, such as the Construction Grants (Section 201) program prior to 1989. The current Ohio Water Pollution Control Loan Fund (WPCLF) requirements are similar to those of the former construction grants requirements. The signing of statements of commitment, however, is no longer required. Applicants who have received funding through the WPCLF are considered designated management agencies and are listed in PIPP element 130.6(c)(5): Management Agencies and WPCLF procedures are described in element 130.6(c)(3): Municipal and Industrial Waste Treatment. The following are recommended as management agencies throughout Ohio. These entities signed Statements of Commitment for the construction grants program prior to 1989. The designation of management agencies listed in Attachment D will be reviewed in future WQM Plan updates and revisions to the list will be made where appropriate.

Entities within the geographic areas of areawide planning agencies designated for Water Quality Management Plan development are indicated by that agency's abbreviations in parentheses. Agencies, and their abbreviations, designated to develop the Water Quality Management Plan components are:

<u>Planning Agency</u>	<u>Counties Served</u>	<u>Year Designated</u>
Eastgate Development and Transportation Agency (EDATA)	Mahoning, Trumbull	1974
Miami Valley Regional Planning Commission (MVRPC)	Darke, Greene, Miami, Montgomery, Preble	1974
Northeast Ohio Areawide Coordinating Agency (NOACA)	Cuyahoga, Geauga, Lake Lorain, Medina	1976
Northeast Ohio Four County Regional Planning and Development Organization (NEFCO)	Portage, Stark, Summit, Wayne	1975
Ohio, Kentucky, Indiana Regional Council of Governments (OKI)	Butler, Clermont, Hamilton, Warren	1974
Toledo Metropolitan Area Council of Governments (TMACOG)	Erie, Lucas, Ottawa, Wood	1974

The agencies listed below are recommended as Designated Management Agencies in this 1993 certification of the Ohio Water Quality Management Plan. Each agency is identified in the Water Quality Management Plan and placed into one of five categories which indicate its designation status.

Category 1: Agencies recommended in the WQM Plan but which have yet to submit Statements of Commitment.

Category 2: Agencies recommended in the WQM Plan and which have submitted Statements of Commitment; and therefore, are being recommended for designation.

- Category 3: Agencies recommended in the WQM Plan, have submitted statements of Commitment; and have been designated by the Governor.
- Category 4: Agencies recommended in the WQM Plan; submitted Statements of Commitment; have been designated by the Governor; and accepted by USEPA.
- Category 5: Category 4 agencies which, based upon changes to the WQM Plan, have revised their statements of Commitment.

The following are Category 2 agencies recommended by Ohio EPA for gubernatorial designation as responsible for local Water Quality Management Plan implementation. The status of all other management agencies and their categories (1, 3, 4 and 5) is reported annually in the Ohio EPA Continuing Planning Process.

RECOMMENDED DESIGNATED WATER QUALITY MANAGEMENT AGENCIES  
WQM PLAN CERTIFICATION 1993

CATEGORY 2

Great Miami River Basin

Village of South Vienna

Hocking River Basin

Trimble Township Wastewater Treatment District

Maumee River Basin

Village of Glandorf
