Notice and necessary information requirements for biosolids and other notification requirements.

[Comment: Definitions relevant to this chapter can be found in rule 3745-40-01 of the Administrative Code.]

(A) Notice and necessary information requirements. Any person who is a permittee shall provide the initial person who receives biosolids information including, but not limited to:

(1) The name, address, telephone number, and NPDES permit number of the permittee;

(2) The following statement: "The material you are receiving in this bag, other container or in bulk is or contains biosolids that have been treated to meet the requirements in Chapter 3745-40 of the Administrative Code.";

(3) The concentration of total Kjeldahl nitrogen and ammonia nitrogen; and

(4) A statement that the biosolids shall be further treated, disposed of, transferred, stored or beneficially used in accordance with Chapter 3745-40 of the Administrative Code.

(B) Other notification requirements. Any person who is not a permittee and is distributing biosolids shall provide the initial person receiving the biosolids with the following statement: "The material you are receiving in this bag, other container or in bulk is or contains biosolids that have been treated to meet the requirements in Chapter 3745-40 of the Administrative Code."

[Comment: Any person who is a permittee who provides biosolids to another person is not responsible for the notification requirement in paragraph (B) of this rule. The notification requirement in paragraph (B) of this rule is solely for any person who is not a permittee.]

(C) In order to protect public health or the environment, the director may require any person who distributes biosolids or material containing biosolids to provide the initial person receiving the biosolids or material containing biosolids with additional information.
