On April 19, 2011, Ohio EPA made available for review and comment six proposed amended rules regarding the surface water credible data program. This document identifies the comments and questions received during the associated comment period, which ended on May 24, 2011.

Ohio EPA reviewed and considered all comments received during the public comment period. By law, Ohio EPA has authority to consider specific issues related to protection of the environment and public health.

No comments were received on the proposed amended rules during the public comment period.
