

Chris Korleski was appointed director of the Ohio Environmental Protection Agency (Ohio EPA) by Governor Ted Strickland on February 1, 2007. In this capacity, Korleski is responsible for the protection of Ohio's air, land and water resources. Prior to his appointment as director, Korleski served as legal counsel to Honda of America Manufacturing, Inc. in Marysville, Ohio. Since 1996, he provided comprehensive advice and representation in the areas of environmental, safety and HAZMAT law.

- Before working at Honda, Korleski was an assistant attorney general in the Ohio Attorney General's Environmental Enforcement Section. From 1993-1995, he supervised the Ohio Attorney General's Clean Air Enforcement Program.
- From 1988-1993, he worked in the Environmental Enforcement Section providing representation and counseling to Ohio EPA in various matters involving air pollution, water pollution and solid and hazardous waste.
- Korleski earned a bachelor's degree in agronomy from The Ohio State University College of Agriculture, and a master's degree in agronomy from the University of Nebraska. He received his law degree from The Ohio State University.

Sean D. Logan was appointed director of ODNR by Governor Ted Strickland in January 2007. Logan is the 11th person to serve as director of ODNR since the department was formed in 1949.

- Before joining ODNR, Logan served as president of the board of commissioners in Columbiana County; he had been commissioner there since 2001.
- He previously had been a member of the Little Beaver Creek Wild and Scenic River Advisory Board, and held appointment to the Ohio Solid Waste Advisory Committee.
- From 1990-2000, Logan was a member of the Ohio House of Representatives. During his time in the state legislature, Logan served on the Agriculture and Natural Resources Committee for six years. He won the Columbiana County Federation of Conservation Clubs' Outstanding Service Award.
- Logan received a bachelor's degree in political science and speech communication from Muskingum College. He earned his law degree from Capital University Law School.

Maggie Corder is a 2005 graduate of Franciscan University of Steubenville with a bachelor's degree in biology. In July 2006, she became a volunteer through the Office of Surface Mining (OSM)/Americorps' Volunteers in Service to America (VISTA) program for the Yellow Creek Watershed Restoration Coalition and is currently serving her second term. Her duties as an OSM/VISTA include capacity building for the Yellow Creek Watershed Restoration Coalition, water monitoring and water quality research, enhancing community awareness and assisting in efforts of community revitalization. In the future, she hopes to add the responsibility of assisting with treatment system implementation at the Jensie Mine site. Maggie finds it gratifying to have the opportunity to improve the health of watersheds in her home county.
