

## Ohio Local Emergency Planning Committee Information and Emergency Coordinators by County

NOTE: This list contains the 24-hour emergency telephone numbers of LEPC **Emergency Coordinators** (as of 10/15/20). These numbers are to be used only to report reportable spills/releases to local officials. In most cases, the 24-hour number is a dispatching number (Sheriff's Dept. /Fire Dept./Police). Please do not call the 24-hour emergency number for general program questions or issues. This is only an emergency incident reporting telephone number.

NOTE: Questions about annual chemical inventory reports or filing fees should be directed to the **Information Coordinator** of your planning district (see below) or a state representative of the SERC at (614) 644-2260 or 1-888-644-2260 (toll free).
