You will need to create a course approval number prefix that is unique to your training organization; distinguish between courses approved for Drinking Water, Wastewater, or Both; and designate a course subject of Operation & Maintenance or Other.

Agreement and Terms

The training provider must assign each class provided a unique approval number that identifies the provider, Course type (D- drinking water, S - wastewater and B - both), class number and subject (e.g. OEPA-S001-OM). Courses should be given a subject code of "OM" for Operation and Maintenance and "X" for any other.

* Provide your methodology for numbering courses:

- Training Provider must assign contact hours only for the amount of time spent on training. Partial credit for courses shall not be given. Courses must be at least 0.5 hrs in length.
- Training Provider shall, by the first day of the month, provide the director a list of training scheduled for that month. This list shall include the name of the course, the training provider's approval number, the time, date, and location of the training, along with the number of contact hours assigned.
- Training Provider shall, upon request, be capable of providing a record of student training to the Ohio Environmental Protection Agency or to the student.
- All Training Providers shall allow representatives of the Ohio Environmental Protection Agency to attend courses at any time for the purpose of reviewing the length of training, training content and other relevant aspects of the training.
- Failure to meet any of the criteria above may result in the withdrawal of the Director's approval for all training given by the provider for the next two years. For training providers who have not received approval in accordance with Rule 3745-7-15(F) of the Ohio Administrative Code, the Director shall not approve new training for a period of two years. The Director may refuse to recognize contact hour credit if a training provider fails to meet the criteria in Rule 3745-7-15(F)(1) and (F)(2) of the Ohio Administrative Code, as listed in this application.
