3. You should now see your Training Provider profile in the eBusiness Center. **There are two ways to load attendance: MULTIPLE persons/courses at once (Step 4) and SINGLE entries (Step 11), entering the Core Person ID number one at a time for a single course at a time.** The spreadsheet works well for large trainings or large conferences where multiple courses are offered. The Single entries will work best for most Training Providers and courses. To load MULTIPLE course attendance, proceed to Step 4. To load SINGLE course attendance, proceed to Step 11.

4. To load attendance for MULTIPLE courses/persons at once, you will need to use the Attendance Spreadsheet provided in your Training Provider profile in eBusiness. If you do not have the Excel attendance sheet completed, or if this is your first time attempting to download it, you should download the “attendance sheet” by clicking on the “Download Attendance Spreadsheet” button and saving it to your computer.

*If you have already downloaded the “attendance sheet”, or if this is not your first time uploading attendance sheets, proceed to Step 6 for instructions for completing the spreadsheet. The upload of a completed sheet begins on Step 8.

Here is where you will enter your course approval number, Core Person ID number of the operator whom attended your course, the start date of the course, and the end date of the course. PLEASE DO NOT MODIFY THIS SHEET. Modifications could result in an error during the upload process.

- Column A: Enter your course approval number with no spaces or extra dashes, including your ACHTP prefix and the OM or X designation.
- Column B: Core Person ID numbers are the middle seven or eight digits of an Operator’s certificate number.
- Column C: Course start date should be entered in MM/DD/YYYY format.
- Column D: Course end date should be entered in MM/DD/YYYY format.
- NOTE: For a one-day course, enter the same date in both Columns C and D. For single day courses that are held on multiple days, enter each date of training as a

separate line of training. This will ensure you aren't giving an operator credit for attending three days of the same course when they only went to one day of an available three days.

Save this sheet, being sure to label it properly.

7. Once you have completed the Excel attendance sheet for the course(s) you held, you will scroll down to the Courses Given section of your page.

This screen can be used to edit your contact information, apply for new contact hour courses, schedule upcoming courses and add attendance for completed courses.
