Director's Final Findings and Orders

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

PREAMBLE

The parties hereto agree as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to CSX Transportation (Respondent), pursuant to the authority vested in the Director (the Director) of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in the ownership or composition of Respondent or the ownership of the development described below shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 6111 and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA makes the following findings:

1. Pursuant to ORC 6111.04, no person shall place or discharge, or cause to be placed or discharged, in any waters of the state any sewage, sludge, sludge materials, industrial waste, or other wastes without a valid, unexpired permit.
2. “Other wastes” is defined in ORC 6111.01(D) to include “… dredged or fill material, or silt, other substances that are not sewage, sludge, sludge materials, or industrial waste. …” and would include the concrete blocks, rocks, gabion baskets and other fill material.

3. ORC 6111.07(A) prohibits any person from violating, or failing to perform any duty imposed by sections 6111.01 to 6111.08 of the Revised Code or violating any order, rule, or term or condition of a permit issued or adopted by the Director of Environmental Protection pursuant to those sections. Each day of violation is a separate offense.

4. Respondent is owner of rail based transportation services which includes the track located South of Route 2 in Lake County, Ohio (“the Site”).

5. Near the Site is the Grand River. The Grand River is a “water of the state” as defined in ORC 6111.01(H).

6. On August 2, 2017, an excavator operator for CSX Transportation discharged fill material into the Grand River from a railroad bridge just south of Route 2, Lake County at river mile 5.63. A complainant submitted a video of the activity to Ohio EPA.

7. Pursuant to 33 USC 1344, a person seeking to discharge fill material into a water of the United States is required to obtain a permit from the United States Army Corps of Engineers (404 permit). As a condition of obtaining a 404 permit, a water quality certification is required from the state pursuant to 33 USC 1341 (401 Certification).

8. OAC Rule 3745-32-02(B) provides that no person shall engage in an activity requiring a 401 certification prior to obtaining that certification from Ohio EPA.

9. OAC Rule 3745-32-02(A) requires that any applicant for a federal license or permit to conduct any activity which may result in a discharge of dredged or fill material to a water of the state shall apply for and obtain a 401 Certification from Ohio EPA.

10. In violation of OAC Rule 3745-32-02(A) and ORC 6111.07, Respondent failed to apply for and obtain a 401 Certification from Ohio EPA.

11. In violation of OAC Rule 3745-32-02(B), ORC 6111.04 and 6111.07, Respondent placed fill material into waters of the state without a 401 certification from Ohio EPA.

12. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.
